

Mary Eichler

Health Data Manager

CURRENT RESPONSIBILITY

Mary is the data manager for Milliman's health practice. She joined the firm in 2001 and works out of Milliman's Chicago office.

EXPERIENCE

Under the guidance of Milliman's firm-wide health practice leaders, Mary is responsible for acquiring, processing, and disseminating all Milliman shared health data sources. She leads a team of data analysts who provide the analytics for Milliman products, such as the annually updated Milliman *Health Cost Guidelines*. She supports Milliman's internal data warehouse, portal, and datamart. She also serves as an internal data and programming resource to all of the individual health practices.

EDUCATION

- M.S., Industrial Engineering, University of Wisconsin-Madison
- B.S., Math, University of Nebraska-Lincoln
