

OYUN ENKH-AMAR

Actuarial Manager

oyun.enkh-amar@milliman.com

Main +1 860 687 0100 | Office +1 860 687 0147

Current Responsibility

Oyun Enkh-Amar is an actuarial manager with the Hartford office of Milliman. She joined the firm in 2021.

Professional Work Experience

Oyun contributes to a variety of data-focused projects for a diverse pool of clients, such as plan sponsors and pharmaceutical manufacturers. She has experience in data processing and formulary analysis for Medicare Part D plan sponsors. Additionally, Oyun is a seat holder with the Chronic Conditions Warehouse, a national research database that houses 100% Research Identifiable Files for Medicare and Medicaid data. Using this resource, she has worked on many benchmarking and exploratory projects for manufacturers. Recently, Oyun has been working on becoming proficient in the Databricks environment using Python and R programming languages.

Professional Designations

Oyun is currently pursuing her associate and fellowship designations through the Society of Actuaries.

Education

BS, Data Analytics, Bentley University, Magna Cum Laude
