

ADAM ERKIS

FSA, MAAA

Consulting Actuary

Current Responsibility

Adam Erkis is a consulting actuary with the Chicago Life Technology Solutions Professional Services group. He joined the firm in 2017.

Professional Work Experience

Adam specializes in enhancing actuarial modeling solutions using Milliman technology. This includes the implementation and maintenance of automated actuarial valuation and reporting processes with Integrate®.

He also collaborates with the Life Technology Solutions product development teams in a Voice of the Customer role to ensure strategic planning meets the needs and expectations of clients and users.

Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

Education

BA, Mathematics, Vassar College
