Current Responsibility

Rebecca Flint is a senior DB client relations manager for the Pension Administration Services team in the Milliman Employee Benefits Administration and Consulting Practice. In addition to overseeing the daily tasks of her team, she is responsible for client escalations, project management, and mentoring her team members. She was originally with Milliman from 2014 to 2017, and then rejoined the firm in 2023.

Professional Work Experience

Rebecca has worked in the defined benefit field since 2007, providing retirement consulting services to plan sponsors as well as being one. Rebecca has extensive experience in all aspects of pension administration, from performing benefit calculations and working with trustees on payment administration, to implementing plan changes, processing and auditing payroll data, administering non-qualified plans, and creating employee and partner benefit statements. Her expertise includes required minimum distributions, benefit statements, custom reporting, reviewing and interpreting plan documents, data analysis, government audits, and preparing valuation data files for actuaries. Rebecca also specializes in several special project areas within defined benefit administration such as plan mergers, acquisitions, data cleanup, large benefit certification, and statement projects.
