JAMES GALBRAITH

ASA

Actuarial Analyst

james.galbraith@milliman.com

Current Responsibility

James Galbraith is as an actuarial analyst with four years of governmental actuarial experience. He joined Milliman in 2019. Since 2019, James has provided analyst support for various government pension service teams. He contributes to the actuarial valuations of defined benefit plans, both for funding and accounting purposes, special studies requested during legislative sessions, and individual member calculations.

Professional Work Experience

James works on public defined benefit plans such as the Florida Retirement System Pension Plan, and the Washington State Municipal Firefighters' Pension Fund, and OPEB plans such as Arkansas State Employees Health Plan, San Mateo County, Everett Public Schools, Spokane Public Schools, Tacoma Plublic Schools, Lake Washington School Distrcit, Mason County PUD No. 3, and the City of Tacoma.

He assists clients with many aspects of defined benefit work, including actuarial valuations, financial reporting, and benefit calculations.
