jan-philip.gamp@milliman.com

+491704577674

## Current Responsibility

Jan-Philip Gamp joined Milliman in January 2018, and is senior manager within the Düsseldorf office. Jan-Philip is responsible for IFRS 17 topics.

## Professional Work Experience

Jan-Philip's consulting experience spans the following core themes:

### IFRS 17

- IFRS 17 implementation for German and international clients
- Development of methodology and design, specification and prototype development, documentation, testing, automation, quantitative impact studies, validation, planning, and forecasting

### Actuarial Modelling

- Actuarial modelling in Prophet
- Validation of actuarial projection systems and underlying assumptions (Prophet and self-developed systems)

### German Market

- Deep knowledge of the German insurance market and its regulation
- Support of clients with respect to German regulation

### Solvency II

- Capital requirements (Pillar 1 & 2) - standard formula and internal models
- Reporting (Pillar 3)
- Risk management

### M&A projects

- Valuation, due diligence, and red-flag reports (4 projects)
- Workstreams actuarial, risk management/Solvency II and valuation

## Education

- PhD in Mathematical Economics (Bielefeld University + Université Paris 1 Panthéon-Sorbonne)
- Diploma in Mathematics (Bielefeld University)
