Main +1 262 784 2250 | Office +1 262 796 3433

Current Responsibility

Eric Goetsch is a principal and consulting actuary with the Milwaukee office of Milliman. He joined the firm in 1994.

Professional Work Experience

Eric's areas of expertise are health insurance and managed healthcare programs, including being a firm-wide leader in Medicare Advantage and Part D consulting. His client work has been in the areas of feasibility and strategic analyses, premium and capitation rate development, experience analysis, liability estimation, and other actuarial projections. He has advised managed care organizations, state government agencies, insurance companies, employers, and other organizations.

Examples of projects Eric has led include:

- Medicare Advantage and Medicare Part D feasibility analysis and bid development / support for hundreds of bids across many states, including feasibility analysis and bid development for numerous special needs plans for the dual-eligible, chronic disease, and institutionalized populations. Eric has been working with managed Medicare organizations since 1995.
- Internal Service Fund analysis, state capitation revenue allocation, and risk factor development for over 15 Michigan Medicaid Community Mental Health organizations. He has been the lead actuary for these clients since 2004.

Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

Education

- BS, Mathematics, Marquette University, 1993
- MS, Actuarial Science, University of Wisconsin, Madison, 1994
