Current Responsibility

Christian Goodman is a principal and consulting actuary in the Dallas office of Milliman. He joined the firm in 1994 and practices in the employee benefits field, working with a wide variety of employee retirement plans.

Professional Work Experience

Christian has worked in the retirement consulting field for over 25 years and has specialized in governmental and corporate defined benefit and retiree medical plans. He has extensive experience in the following areas:

- Actuarial valuations for public and corporate defined benefit and OPEB plans
- Benefit plan forecasting
- Assisting plan sponsors with plan design strategies and cost implications
- Financial accounting for retiree medical and non-qualified executive pension plans

Professional Designation

- Enrolled Actuary (EA) under ERISA
- Associate, Society of Actuaries
- Member, American Academy of Actuaries

Education

BA, Mathematics, University of Texas, Austin
