

# AKIHIRO HASHIMOTO

FIAJJP

Consultant

akihiro.hashimoto@milliman.com

## Current Responsibility

Akihiro Hashimoto joined Milliman in May 2018. His fields of expertise include financial reporting, market consistent embedded values (MCEV), and product design and pricing. Subsequent to joining Milliman, he has supported MCEV reviews, development of VoVA (valuation of variable annuity), modeling with MG-ALFA, M&A, product development, and a range of other projects.

## Professional Work Experience

Prior to joining Milliman, from May 2013 he worked for Manulife Japan, where he supported new business embedded value analysis, product development, and repricing in the product pricing department. Prior to joining Manulife Japan, he worked for Sumitomo Mitsui Trust Bank, where he supported annual closing and fiscal recalculation of employees' pension funds in the pension actuarial department.

## Professional Designations
