

BREKK E. HAYWARD

ASA, MAAA

Actuarial Analyst

brekk.hayward@milliman.com

262 796 3330

Current Responsibility

Brekk Hayward is an actuarial analyst with the Milwaukee office of Milliman. She joined the firm in January 2019.

Professional Work Experience

Brekk's area of expertise is property and casualty insurance, particularly pricing, predictive modeling and loss reserving. Within this space, she has experience in multiple lines of business, including personal lines, medical professional liability, workers' compensation, and general liability, among others. She has assisted automobile insurance clients with assignments, including performing predictive modeling, estimating the impact of proposed legislation, ratemaking, and loss reserving. Services provided include:

- Reserving analyses
- Pricing, including ratemaking, development of Class Plans, and competitive analyses
- Predictive Modeling (including evaluation of models)
- Assisting in preparation of Statements of Actuarial Opinion

Professional Designations

- Associate, Society of Actuaries (General Insurance Track)
- Member, American Academy of Actuaries

Education

BS, Actuarial Science, High Point University
