

HANNA E. HOLZER

Senior Actuarial Manager

hanna.holzer@milliman.com

Main +1 262 784 2250 | Office +1 262 923 3654

Current Responsibility

Hanna Holzer is a senior actuarial manager with the Milwaukee office of Milliman. She joined the firm in 2015.

Professional Work Experience

Hanna has over 10 years of actuarial experience in the commercial healthcare space, including developing rates for carriers in the individual, small, and large group markets. In the commercial market, her primary areas of experience include benefit product development, pricing and filing plans, and regulatory reviews. She assists in model development and maintenance of the Milliman CORAL benefit relativity comparison model, as well as model development and maintenance for Milliman's COMBAT model for commercial market competitiveness. She also has experience submitting filings under the Systems for Electronic Rates and Forms Filing (SERFF).

Education

BS, Actuarial Sciences, Carroll University, Wisconsin
