+1 206 504 5936

## Current Responsibility

Alex Lewis is a consulting actuary with the life insurance consulting practice of the Seattle office of Milliman. He joined the firm in 2019.

## Professional Work Experience

Alex has been involved in a variety of work related to MG-ALFA modeling. He focuses on in-force management, non-guaranteed elements analysis and governance, litigation support, model validation, and life insurance product development. He has worked as a technical lead and modeling expert for various projects.

Prior to joining Milliman, Alex worked for nearly four years as an actuarial analyst with pensions and other retirement products.

Skills include Excel, VBA, Access, and MG-ALFA.

## Professional Designations

Fellow, Society of Actuaries

Member, American Academy of Actuaries

## Education

BS, Mathematics and Economics, University of Puget Sound
