

TUSHAR MAKHIJA

ASA

Associate Actuary

tushar.makhija@milliman.com

404-254-6761

Current Responsibility

Tushar Makhija is an associate actuary with the Atlanta office of Milliman. He joined the firm in 2017.

Professional Work Experience

Tushar has consulted with health insurance companies, PSHPs, Blue Cross and Blue Shield plans, and pharmaceutical manufacturers while at Milliman. Prior to joining Milliman, he worked for another consulting firm supporting various aspects of life insurance actuarial work.

Types of actuarial support Tushar has provided for his clients include:

- Pricing and rate development for Medicare Advantage products
- Estimation of actuarial liabilities/assets for financial reporting and annual statement year-end support
- Financial forecasting and trend development for health plans
- Healthcare cost analytics and actuarial cost model development for use in benchmarking or performance analysis using CMS 100% RIF data
- Estimation of Medicare Part D funding parameters in a post-IRA world

Professional Designations

- Associate of the Society of Actuaries
- Member of the American Academy of Actuaries

Education

MS, Mathematics, Florida State University
