Current Responsibility

Lenroy Malone is an actuarial associate in the Dallas office of Milliman. He joined the firm in 2016 after a long career at both Mercer and Deloitte. He practices in the employee benefits field, working with a wide variety of employee retirement plans.

Professional Work Experience

Lenroy works with various types of employers, focusing on plan implementation and ongoing administrative requirements for a broad range of qualified and nonqualified retirement programs. He assists clients in the designing, funding, and financial reporting of their retirement programs.

His extensive experience includes the following areas:

- Preparing actuarial valuations for defined benefit, nonqualified, and OPEB plans
- Developing cost projections to evaluate future business conditions and their impact on benefit programs
- Assisting plan sponsors with plan design strategies and cost implications
- Working on a variety of special retirement program projects, including vendor selection, benefits benchmarking, pension plan termination, and transaction advisory due diligence

Education

BS, Mathematics, Baylor University
