Current Responsibility

Giles Neil is an actuarial associate in the Atlanta office of Milliman. Giles focuses on retirement and healthcare plans, both corporate and governmental.

Professional Work Experience

Giles has worked in the USA retirement consulting field since 2005, with prior experience in the United Kingdom. He has extensive experience in the following areas:

- Preparing actuarial valuations for defined benefit and retiree medical plans
- Assisting plan sponsors with plan design strategies, including modelling future economic conditions, impact on participants and employer cost implications
- Providing financial accounting under US and IFRS standards for qualified pension, retiree medical and non-qualified plans
- Consulting on mergers & acquisitions
- Analyzing and implementing pension de-risking projects, including plan termination, annuity purchases and lump sum windows

Education

BSc (hons) Physics, University of Surrey, UK
