Current Responsibility

Dominick Pizzano is a compliance consultant with the Little Falls, New Jersey office of Milliman. He joined the firm in 1985.

Professional Work Experience

Dominick's responsibilities include the drafting and review of all types of qualified plans, including defined contribution—401(k), profit-sharing, money purchase, and employee stock ownership plans—and defined benefit plans. In addition, Dominick specializes in the design, drafting, and communication of nonqualified plans for executives and provides internal and sales support for consultants in this area. Other duties include the drafting and review of employee communications and other related materials as well as researching technical questions either for other consultants or directly for clients.

Professional Designations

- In 1992, Dominick earned a Certified Employee Benefit Specialist designation from the Wharton School of the University of Pennsylvania and the International Foundation of Employee Benefit Plans.
- He currently holds a Health and Life Insurance license in the state of New Jersey.

Education

BA (Phi Beta Kappa and cum laude), Humanities, Hofstra University
