

VITOR RIERA

Actuary

vitor.riera@milliman.com

Current Responsibility

Vitor Riera is an actuary in the Health Practice of Milliman Brasil. He joined Milliman in early 2019.

Professional Work Experience

Vitor has eight years of actuarial experience in the market. His experience gained during these years includes mainly analysis and database reviews for assumptions and underwriting, claims monitoring, adjustment and variation in hospital medical costs, experience in actuarial audit projects, Liability Adequacy Test – LAT, development of tools to assist clients, actuarial valuation, Merger and Acquisition due diligence, and other actuarial studies.

Vitor accumulates knowledge of the health market and its regulations, assisting clients in the pricing of health plans in accordance with the rules and resolutions, in the preparation of Technical Notes, and in calculation of actuarial liabilities with post-employment benefits.

Vitor has also worked in consulting projects in the financial, administrative, and accounting areas of different industry sectors such as Oil & Gas, Mega Events, and Sports.

Vitor also worked at WTW and EY.
