Current Responsibility

Brian Sandberg is the MARC Development Team Manager in the Milwaukee Office of Milliman. He joined the firm in 1992.

Professional Work Experience

Since 1992, he has worked primarily on the Milliman Actuarial Retirement Calculator (MARC) pension administration, and communication system.

Brian's experience is in the design, development, testing, deployment, and maintenance of PC-based software systems. He has led the development effort of five major releases of MARC and has participated in over 50 client installations. He has also assisted in the development of over 30 different websites, allowing retirement plan participants to access their information and perform estimate calculations.

Brian's work requires technical knowledge of Microsoft Visual Basic, SQL Server, HTML, and Javascript. He also has experience with Crystal Reports.

Professional Designation

Brian is a Microsoft Certified Solution Developer.

Education

BS, Computer Science, Carroll University, Waukesha, WI
