

JEREMY SARICH

PHARM.D, RPH, MBA

Senior Consultant

jeremy.sarich@milliman.com

Current Responsibility

Jeremy Sarich is a senior consulting pharmacist with the San Diego office of Milliman. He joined the firm in 2022 and has been working in the pharmacy industry since 2001.

Professional Work Experience

Jeremy has more than 18 years of pharmacy benefit management (PBM) experience. He has a robust and in-depth understanding of the payer environment for employers, coalitions, union funds, health systems, public sector entities, Medicare, and Medicaid lines of business, and is a proven collaborator with both internal and external partners. In his current role, Jeremy is responsible for providing consultative solutions for his clients, ensuring they meet their clinical and financial goals and objectives. He supports overall strategy development and implementation, contracting, clinical information, trend management, network strategy, vendor transitions, and operations. Jeremy's experience includes:

- 340B
- Auditing
- Benefit design
- Benefit operations management
- Clinical strategy
- Contracting
- Cost analysis
- Drug information
- Healthcare reform
- Implementation
- Strategic planning
- Vendor selection
