Current Responsibility

Hiram Satterwhite is a senior consulting actuary with the Milwaukee office of Milliman. He joined the firm in 2021.

Professional Work Experience

Hiram possesses a strong pharmacy and insurance knowledge base from experience with payers and insurance companies. His experience includes over 15 years working with payers and insurance companies specializing in the pharmacy space.

Prior to joining Milliman, Hiram worked as an actuarial lead for a PBM subsidiary of one of the larger Blue plans and served as a lead pharmacy consulting actuary to a national employee benefits consulting company. Within the pharmacy space, Hiram has experience with the following: financial planning and budgeting, drug trend forecasting and analytics, drug benefit design changes, PBM underwriting, PBM contracting and negotiations, rebate forecasting, spread margin analytics, RDS and EGWP plans, and medical drug benefits.
