Current Responsibility

Kali Schweitzer is a pharmacy management consultant with the Chicago office of Milliman. She joined the firm in 2019.

Professional Work Experience

Kali's areas of expertise include managed care, formulary management, pharmacy benefit operations, pharmaceutical pipeline, and high-cost, specialty prescription medications. She supports pharmaceutical manufacturers, employers, health plans, and Medicare Part D plan sponsors by analyzing medical and prescription drug data and providing insight into available opportunities to improve health care spend or clinical outcomes.

Prior to joining Milliman, Kali completed a post graduate year one (PGY-1) managed care pharmacy residency with a Medicaid / Medicare managed care organization. She supported a variety of programs focused on improving clinical outcomes, while also optimizing resource utilization, including formulary management, pharmacy trend analysis, quality improvement, patient engagement, and provider education.
