Current Responsibility

Julie Sinke is a Principal and DB consultant and project manager for the Milliman Employee Benefits Administration and Consulting Practice. She oversees the DB operations team and is the lead consultant responsible for guiding the direction of technology needs and internal process improvements to optimize the functions within the DB administrative teams.

Professional Work Experience

Julie has worked in the defined benefit field since 2009. Her experience includes analysis of existing processes focusing on efficiency and development of best practices across all aspects of DB administration such as calculation, payment, payroll and project management. She has a unique knowledge of how technology and business work together to create success.
