+852 2147 5018

Current Responsibility

Lammy Tsang is an actuarial analyst in Milliman's life insurance consulting practice in Hong Kong. She joined the firm in 2021.

Professional Work Experience

Lammy's experience includes the following:

- Supporting a strategy consulting project involving Thailand market and product analysis for a multinational insurer.
- Carrying out Prophet model point checking for the EV review of a Thailand insurer on a traditional embedded value basis.
- Assisting in strategy projects focusing on market benchmarking, including new business margin / assumptions benchmarking and expense assumptions benchmarking.

Prior to joining Milliman, Lammy worked as an Actuarial Analyst at AXA Hong Kong, and was involved in various tasks, including:

- Building the consolidated reinsurance pricing model for reporting and profit testing.
- Assisting in the reinsurance quotation process, including pricing spreadsheet preparation, reinsurance proposal and treaty drafting, facultative case management, etc.
- Performing data checking for reinsurance premium and claim settlements and managing experience studies.
- Preparing a 2nd opinion report on the Critical-illness-related products of other AXA entities for the product launch internal approval.

In addition, she also worked at Swiss Re as an intern on topics including:

- Actuarial modeling for reinsurance quotation
- Credibility experience study
