Current Responsibility

Sjoerd van Dieten works as a consultant in the Amsterdam office of Milliman. He joined the firm in 2023.

Professional Work Experience

Prior to joining Milliman, Sjoerd gained valuable experience as a student consultant. This included a significant project with Nationale Nederlanden where he assisted the Data Analytics team in monitoring and dashboarding claims. This tenure provided him with a solid foundation in data analysis and claims management.

During his tenure at Milliman, Sjoerd's key projects have included:

- Reviewing the methodology of cost provision for a leading insurance company
- Being involved with devising a hedge strategy for unlisted assets
- Participating in the valuation of unlisted assets, with a focus on policy loans and financial real estate leases

Education

- Bachelor of Science, Econometrics and Operations Research, Tilburg University, The Netherlands
- Master of Science, Quantitative Finance and Actuarial Science, Tilburg University, The Netherlands
