+1 312 279 3037

Current Responsibility

Angela Wang is a consulting actuary with the Chicago office of Milliman. She joined the firm in 2019.

Professional Work Experience

Angela specializes in life and annuity mergers and acquisitions, financial reporting, and other strategic initiatives. She has developed extensive expertise in complex actuarial appraisal valuations, due diligence, capital requirements, experience studies, and cash-flow testing.

In recent years, Angela has worked extensively with MG-ALFA® modeling for a wide range of life and annuity insurance products, as well as corporate planning projects and deal model constructions. With a strong background in evaluating life and annuity businesses, she frequently provides strategic insights on financing structures and other key initiatives within the life and annuity insurance sector.
