

Dan Winter

Actuarial Analyst

CURRENT RESPONSIBILITY

Dan Winter is an actuarial analyst with the Boston office of Milliman. He joined the firm in 2018.

EXPERIENCE

Dan's experience in property and casualty actuarial work includes loss reserving, ratemaking, feasibility studies, and data analysis. Dan supports the ongoing actuarial needs of numerous clients, including multiline property and casualty insurers, captives, and risk retention groups.

Dan also assists in the review of rate filings for the State of Rhode Island Division of Insurance and the State of Mississippi Insurance Department.

EDUCATION

MS, Actuarial Science, Boston University
