Current Responsibility

Simon Wong is a principal and consulting actuary with the Atlantic Region Property-Casualty Practice of Milliman. He joined the firm in 1993.

Professional Work Experience

Simon has a wide range of experience in the property and casualty insurance industries. His work experience includes insurance reserving, self-insured feasibility and funding studies, captive planning, ratemaking and pricing, valuation and acquisition, and model development. He has served as the appointed actuary for many insurance entities.

Simon has extensive experience in various lines of insurance, including workers compensation, medical professional liability, general liability, and commercial and private passenger automobile liability. His clients include insurance and reinsurance companies, self-insured corporations, captive insurers, groups and governmental entities, insurance agents and brokers, associations, managing general agents, and insurance departments.

Professional Designations

- Fellow, Casualty Actuarial Society
- Fellow, Society of Actuaries
- Member, American Academy of Actuaries
- Member, International Actuarial Association

Affiliations

Simon has served on the following committees:
