+1 206 504 5550

## Current Responsibility

Dave Kennerud is an actuary with the Seattle office of Milliman. He is a manager in the Western Region Property and Casualty consulting practice. He currently provides consulting services to a wide range of insurance companies and self-insured entities. He joined the firm in 1997.

## Professional Work Experience

Dave's area of expertise is property and casualty insurance, particularly in providing loss reserve and funding analyses. His experience includes the following:

- Projecting reserves and evaluating reserving methodology and reinsurance coverages for workers compensation insurers, self-insurers, and state insurance funds
- Analyzing medical professional liability reserve indications, funding requirements, and excess coverage levels for self-insured medical organizations under occurrence and claims-made coverages
- Projecting reserves and funding requirements for self-insured automobile liability
- Analyzing general liability reserves and funding for insurers and self-insured organizations
- Projecting reserves and funding requirements for self-insured unemployment compensation

## Professional Designations

- Fellow, Casualty Actuarial Society
- Member, American Academy of Actuaries

## Education

BS, Mathematics, Western Washington University
