

Horizontal Directional Drilling

Innovative solutions for the
most challenging HDD utility
applications

Innovative solutions for the most challenging Horizontal Directional Drill (HDD) utility applications

Our integrated HDD offerings include a variety of equipment, technologies, and services that improve HDD performance and operations. From Bottom Hole Assembly (BHA) components, including drilling performance and measurement tools, to drill string service and repair, renowned fluid recycling, fluid products, waste management and power solutions, we provide the resources you need for a successful drilling program.

Our products and services extend beyond oil and gas, making big differences in many industries. As the pioneer of (many) leading drilling technologies and equipment, we bring experience, innovation, global reach, and safe service that you can trust.

We work closely with you to provide cost-effective, fit-for-purpose solutions for all your drilling projects.

The products and services to tackle any HDD operation

Agitator Systems

Centrifuge and Dewatering Systems

- Centrifuge - HS2172
- Centrifuge - HS3400
- Dewatering System

Drill Bits

- Tektonic Drill Bits

Drill Pipe

- Custom Engineered Products

Drill Pipe Services

- Coatings
- TraCID Drill String Lifecycle Management
- Drill Pipe Inspection
- Machining Services
- Hardbanding

Downhole Motors

- Drilling Power Sections
- Vector Series 36 Motor
- Vector Series 40 Motor

Downhole Tools

- Griffith Shock tool
- BlackBox HF tool
- BlackBox Eclipse II tool

Fluid Products

- Poly Traxx

Fluid Recycling Systems

- SABRE Shale Shaker
- KING COBRA Shaker
- VSM 300 Shaker
- MiniCOBRA Shaker

Line Pipe Services

- Coatings
- Custom Coating
- Inspection Services
- Zap-Lock
- Thru-Kote

Measurement While Drilling

- Tolteq iSeries MWD System

Portable Power

- Generators
- Light towers
- Temperature control units

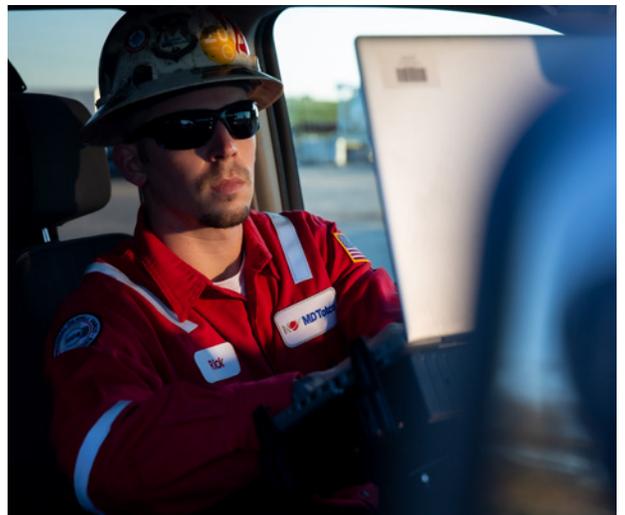

Rotary Steerable Systems

- VectorZIEL

The people, capabilities, and vision to serve the needs of a challenging and evolving industry.

- History of innovation, and we are continually seeking new ways to improve the entire drilling process
- Deliver performance around the world
- Built to withstand all challenges
- Industry's best minds with more than 150 years of experience
