Contact	Title		Fax No. () -
Street Address	State	Zip Code -	Cell Phone No. () -
Town/Village/City	County of Permit Site		Federal ID No. (for businesses only)
E-mail Address	Use and Occupancy Permit No. (if pre-existing)		Canal Plate No. (if pre-existing)

Purpose of Application (Please provide brief description and locations)
<p>1. General Information:</p> <ul style="list-style-type: none"> Project Name: Water Quality Improvement Project Location: Northwest District, City of Los Angeles Project Type: Water Quality Improvement
<p>2. Project Description:</p> <p>The project aims to improve water quality in the Northwest District by implementing various measures, including:</p> <ul style="list-style-type: none"> Installation of water filtration systems at key locations. Implementation of water conservation programs for residential and commercial buildings. Construction of stormwater management infrastructure to reduce runoff and improve water quality.
<p>3. Project Justification:</p> <p>The project is justified by the need to address the following issues:</p> <ul style="list-style-type: none"> Water Quality Concerns: The Northwest District has experienced a decline in water quality, with increased levels of sediment and pollutants. Public Health: Poor water quality poses a risk to public health, particularly for vulnerable populations. Environmental Impact: The project will help reduce the environmental impact of water pollution and improve the overall health of the ecosystem.
<p>4. Project Benefits:</p> <p>The project will provide the following benefits:</p> <ul style="list-style-type: none"> Improved Water Quality: The project will result in cleaner water, which is essential for public health and the environment. Water Conservation: The project will help reduce water consumption, leading to cost savings for residents and businesses. Stormwater Management: The project will help reduce the risk of flooding and improve the overall health of the ecosystem.
<p>5. Project Implementation:</p> <p>The project will be implemented in the following phases:</p> <ol style="list-style-type: none"> Phase 1: Initial assessment and planning. Phase 2: Design and construction of water filtration systems. Phase 3: Implementation of water conservation programs. Phase 4: Construction of stormwater management infrastructure.
<p>6. Project Budget:</p> <p>The project budget is estimated to be \$1,500,000, which includes the following items:</p> <ul style="list-style-type: none"> Design and construction of water filtration systems: \$500,000 Implementation of water conservation programs: \$300,000 Construction of stormwater management infrastructure: \$700,000
<p>7. Project Conclusion:</p> <p>The project is a critical component of the City of Los Angeles' water quality improvement efforts. It will help address the water quality concerns in the Northwest District, improve public health, and reduce the environmental impact of water pollution.</p>

CANAL PERMIT APPLICATION

Section III Read Thoroughly Before Signing - Applicant Affirmation/Certification

Canal property is devoted to public use. Permits, therefore, are by sufferance and the duration thereof is at the discretion of the Canal Corporation (Corporation), regardless of the length of term granted. All permits are, therefore, revocable unilaterally by the Corporation. The permittee will maintain all installations permitted hereunder subject to the risk of relocating or removing them at the permittee's own expense, in accordance with the directions of the Corporation. Violators may be subject to a penalty.

Application is hereby made by the undersigned subject to the RULES AND REGULATIONS OF THE NEW YORK STATE CANAL CORPORATION. This applicant will obtain any other consents or permits that may be necessary to accomplish the purposes set forth above, as it is understood that in granting a permit, the Corporation merely expresses its assent in so far as it is authorized. For any approved work on the Canal System requiring an on site inspection by Corporation, a charge of \$250 per day shall be imposed.

I understand that this Application incorporates by reference the terms and conditions of the NEW YORK STATE CANAL CORPORATION OCCUPANCY AND WORK PERMIT ACCOMMODATION GUIDELINES (TAP-922), and the DESIGN AND CONSTRUCTION REQUIREMENTS (TAP-923A-D), as such documents may be amended. I agree that if granted a permit, this Application becomes a part of such permit, and as a condition of the issuance of the permit and/or exercise of any privileges granted thereunder, I shall comply with any and all RULES AND REGULATIONS OF THE NEW YORK STATE CANAL CORPORATION, as same may be amended, and any CONDITION RIDER issued with the permit and any subsequent amendments to the permit.

The Applicant affirms and certifies that all information provided by the Applicant to the Corporation is complete, true and accurate.
