

Compliance Reporting Training Webinar for Primes

We invite your firm to attend regularly scheduled Supplier Diversity Compliance training and Q&A session. This webinar is available to New York Power Authority and NYS Canal Corporation prime contractors with active contracts. It offers an opportunity to review and ask questions related to Supplier Diversity and EEO reporting requirements. An active contract or purchase order number is required to complete registration.

If your agreement with the Authority/Corporation has established Supplier Diversity Participation Goals and/or Workforce Utilization Reporting requirements, you must provide compliance reports prior to receiving payment. **Attendance at this webinar is encouraged but optional.**

These webinars offer your firm the opportunity to:

- Review applicable Supplier Diversity compliance reporting forms and how/when to submit them.
- Get an overview of accessing the NYPA/Canals EEO workforce utilization reporting system.
- Refresh on Good Faith Efforts to document M/WBE and SDVOB outreach and participation.
- Ask questions regarding the compliance reporting process.

Our 2025 webinar schedule is:

Wednesday, March 12 at 10 a.m. – [Click here to register.](#)

Wednesday, June 11 at 10 a.m. – [Click here to register.](#)

Thursday, September 17 at 10 a.m. – [Click here to register.](#)
