Steel duct**

Durability

Our SLIMDUCT SD is constructed from a special high grade PVC for superior UV and weather resistance, protecting piping from the elements, vandalism and even pest damage.

UV Testing

Competitor's

HEAT TESTING

25°C

80°C

Heating the temperature up to 80 degrees Celsius in thermostatic oven. On one hand INABA SD remains almost the same, on the other hand, the competitor can not stand the heat at 80 degree.

Function

Protective film

To ensure SLIMDUCT does not have any scratches until the last moment.

Workability

All SLIMDUCT comes with stainless steel screw.
Punch out holes are located every 100mm to enable an easy installation.

As for Metal capping #klimatechnik,

#klimaservice
Here you can see how many steps and techniques are required for one instillation job.
