- Hire of complete stand:

You will find the various models at www.standconfigurator.com.

The organizer is responsible for assembling and dismantling the complete rental stand.

The complete rental stand and its fittings must not be pasted over, nailed, painted or damaged in any way. The exhibitor is liable for damage done during the rental period and will be charged with the costs.

The basic type of complete rental stand can be fitted out additionally in the same system at extra cost.

Respective orders can be carried out in the Online ExhibitorShop.

9. Payment conditions

The full stand space rental will be charged to exhibitors on **confirmation of the stand space**.

Any payments are due by the date shown on the respective invoice. Invoices are payable in full. All payments are to be made in EURO without charges, quoting invoice number.

If the exhibitor enters a different invoice address on the application form, he authorizes the stated person/company to receive the invoice and other payment requests. This does not exempt the exhibitor from his obligation to pay.

Please note that it is not possible to amend the invoice after the service has been provided. For subsequent changes to the invoice for which the exhibitor is responsible, the organizer or NürnbergMesse GmbH may charge a processing fee of EUR 50. The same applies to cases in which additional work is incurred due to the fact that invoices and/or related information, data and documents have to be entered by NürnbergMesse in the exhibitor's billing systems or portals.

An entitlement to occupy the allocated stand space exists only after payment of invoices in full. The exhibitor is to provide proof of payment.

The exhibitor agrees to transmission of invoices by the organizer via e-mail (electronic billing). If the exhibitor does not wish to use electronic billing, he or she can object in writing or in text form.

10. Insurance

Exhibitors are obliged to make their own adequate insurance arrangements.

Insurance for exhibitors (transport and duration of event) is advisable and can be arranged through a collective insurance contract taken out by the organizer.

11. Assembly and dismantling, passes

Assembly:	Fri 9 – Sun 11 October 2026	7:00–22:00 daily
	Mon 12 October 2026	7:00–19:00
Dismantling:	Thu 15 October 2026	18:00–22:00

Access to the halls during assembly and dismantling times is only permitted on display of special passes, which are not valid during the exhibition.

12. Stand design

The exhibitor is responsible for stand equipment and decoration.

The overriding principle for the design of all exhibition stands is transparency. All open sides of the stand must be freely accessible. This means that at least **50%** of the respective gangway side must **not** be obstructed by **structures** or fittings.

The minimum height is 2.50 m. The respective hall height at your stand location also corresponds to the maximum permitted construction height.

The backs of stand partition walls, advertising carriers or other design elements facing neighboring stands and exceeding a height of 2.50 m must be white, in a clean and tidy condition and must not contain any text or graphics.

Stands exceeding the size of 400 m² require the approval of the organizer.

For stand design plans which are not handed in until 24 August 2026, a fee of EUR 150 will be charged.

Two-storey stands are permitted in individual cases, subject to submission of a special application. Two-storey stands must be approved by the organizer and the exhibitor is responsible for obtaining the necessary approvals from the building authority; relevant application forms are to be requested. Two-storey stands may be rejected in the overall interests of the event and for safety reasons. The stand rental increases by 50% for the stand space covered by the second storey. No legal entitlement exists for two-storey stands.

If the rental exhibition stand is not used, a fascia (0.30 m high) must be fitted on all open sides of the exhibition stand. The fascia is not required, if the necessary stand appearance is provided in some other way.

The exhibition organizer reserves the right to give further instructions concerning the design of stands.

Only water-soluble adhesive may be used on the fiber board stand partition walls and these may not be painted unless they have first been covered with

wallpaper. After the exhibition, wallpaper or other finishing material must be removed by the exhibitors, otherwise exhibitors will be charged with the costs. All other stand partition walls, floors, hall walls, pillars, installations, fire-fighting equipment and other permanent hall fixtures must not be pasted over, nailed, painted or damaged in any way.

The exhibitor is liable for damage done and will be charged with the costs. Pillars, installations and fire-fighting equipment within the stand are part of the allotted stand space and must be accessible at all times. Floor coverings in the stands are only to be fixed with double-sided adhesive tape (following tapes are to be used: tesafix no. 4964).

The exhibitor agrees to comply with these conditions. Non-compliance may result in claims for damages by the organizer or the neighboring exhibitors affected.
