September 2024

Chillventa 2024 – the perfect trade fair visit begins here

In one month it will once again be time for Chillventa. The leading international trade fair for refrigeration, AC, ventilation and heat pumps is set to open its doors from 8 to 10 October 2024. Thousands of experts from all over the world are expected to flock to Exhibition Centre Nuremberg, where around 1,000 international exhibitors will show them their latest innovations and solutions for refrigeration, AC and ventilation, heat pumps and insulating technology in eight exhibition halls. At the renowned Chillventa CONGRESS, which starts on 7 October, participants can look forward to in-depth presentations and discussions on the current challenges and future trends in the sector.

Chillventa 2024 offers a range of services and tools to enable people to prepare effectively for their visit and organise their time on site. The website www.chillventa.de/en is the ideal starting point. Here, participants will find all the information they need for a stress-free journey to the event and a productive visit – from travel information and hotel booking deals to a comprehensive overview of exhibitors, products and this year's supporting programme.

Getting to Chillventa quickly and conveniently

Thanks to its central location and excellent transport connections from all directions, NürnbergMesse is easy to reach. The award-winning Albrecht Dürer Airport in Nuremberg, acknowledged as one of the best airports in Germany for business travellers, offers fast connections and short distances straight to the exhibition centre. Nuremberg Central Station is a hub for national and international rail transport and offers a direct underground rail connection to the

Find out about exhibitors and products in advance

So as not to waste valuable time on site, trade fair visitors should look at the comprehensive exhibitor and product database ahead of the event. Targeted searches by keyword and filter options such as type of company, country of origin and new products enable efficient planning of the trade fair visit. As well as a description of the company and information on the products on display, the exhibitor profile also provides contact details to allow meetings to be arranged in advance.
