THINKING SECURITY STRATEGICALLY AHEAD

Hybrid threats and growing demands on interoperability call for coordinated solutions – and this is exactly where Enforce Tac comes in.

With its strongest development step to date, Enforce Tac reinforces its role as the leading exhibition for security and defence in Europe, bringing together operational demands, industrial capability and strategic dialogue.

Under the guiding theme “Networked Security”, it unites the fields of internal, external and cyber security into one coherent whole in 2026 – for the first time under the patronage of Federal Chancellor Friedrich Merz.

Position yourself where Europe’s security comes together.

Enforce Tac 2026 has clearly exceeded all expectations. Increased participation, strong international presence, and a high concentration of decision-makers underline the event's relevance. The development shows: Enforce Tac is a system-relevant anchor point within the European security architecture.

SOCIAL MEDIA

Time period: 31.3.2025–31.3.2026

PROGRAM VARIETY

The international supporting programme offers exclusive insights and targeted exchange in high-calibre dialogues. The focus is on security-related topics, strategic questions and technological innovations.

ENFORCE TAC CONFERENCE

NEW
2026

Keynotes and panels on software-based systems, sensor technology, drones, counter-UAS, AI and digital resilience.

MAIN STAGE

Presentations, discussions and innovations, plus direct exchange with companies, experts and decision-makers.

ENFORCE TAC VILLAGE

Products in realistic operational scenarios, demonstrated live by personnel from the military and police.

JOINT STAND YOUNG INNOVATORS

A stage for students and young talents: innovative projects in dialogue with industry and institutions.

INNO STAGE

Central meeting place for startups: pitches and panels on innovative technologies and future solutions.

ARMORED FORCES AREA

Exclusive special area for large military equipment: modern vehicles and operationally relevant technologies.

ENFORCE TAC JOBZONE

Platform for reaching skilled professionals and direct exchange between companies and applicants.

EXPERT SYMPOSIA & PARTNER EVENTS

Focused conferences and partner events for exchange and networking among authorities, research and industry.

IT-SA PAVILION

Cybersecurity solutions for cyber defence, digital resilience and the protection of critical infrastructure.

FITNESS AREA

Hands-on focus on physical performance: training concepts, equipment and preventive measures.

EXHIBITOR STATEMENTS

Nejc Zavrl, Group Director
Marketing, Mehler Systems

Since its inception, Enforce Tac has been invaluable for Mehler Systems. No other trade show in the DACH region offers such an exceptional platform for connecting with key decision makers and industry experts in the defense and law enforcement sectors.

Diehl Defence
GmbH & Co. KG

Enforce Tac is a must-attend event for Diehl Defence – this is where the industry meets at an international level and the Nuremberg location is of great importance to us as a local enterprise. Thanks go to the entire Enforce Tac team, who are personal, committed and helpful despite the constant growth of the trade fair. We are looking forward to next year!

SCHUBERTH GMBH,
Magdeburg

Enforce Tac was a complete success for us. We were able to hold numerous valuable discussions, make new contacts and present our products to an interested specialist audience. Enforce Tac is the most important trade fair of the year for us, not only because of the quality of the visitors, but especially because of the outstanding performance and service of the Enforce Tac team. Many thanks to the organization team for the smooth implementation and excellent support!
