June 2023

85% of exhibition space already booked as excitement builds for FENSTERBAU FRONTALE 2024

The preparations for the world's leading trade fair for windows, doors and facades are well underway. From 19 to 22 March 2024, the event returns to Exhibition Centre Nuremberg in line with its regular schedule in combination with HOLZ-HANDWERK. All key players offering ground-breaking innovations and technologies for industry, the skilled trades, retail and architects have already registered, with 85% of the display area reserved to date. FENSTERBAU FRONTALE will once again impress industry professionals with an extensive supporting programme precisely tailored to their needs. The event has plenty to offer, including the forums "Architecture-Window-Facade" and "A Practical Guide to Digitisation for Craftspeople", the FENSTERBAU FRONTALE FORUM, various special display areas, and other exciting features.

"Based on our registration numbers so far, a great mood and unique atmosphere in the exhibition halls are guaranteed! If you don't want to miss out, you should mark the date in your calendar now. Any exhibitors that have not yet registered should act quickly to make sure of getting a spot. We can hardly wait for the fair to start, and until then we'll be completing the final preparations with enthusiasm and eager anticipation," says Elke Harreiß, Director FENSTERBAU FRONTALE at NürnbergMesse.
