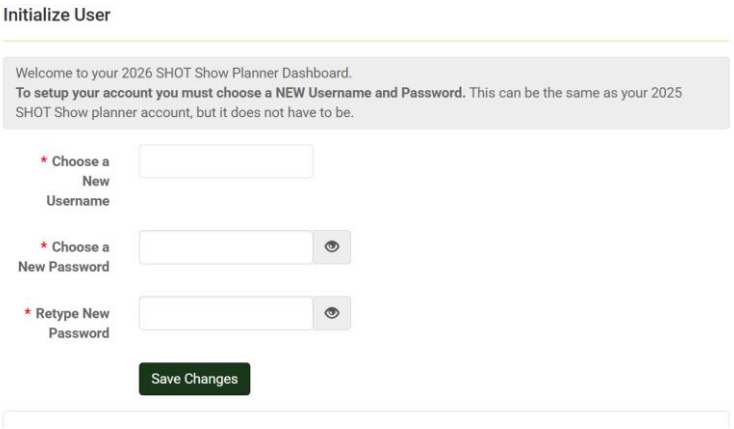
IWA
PAVILION

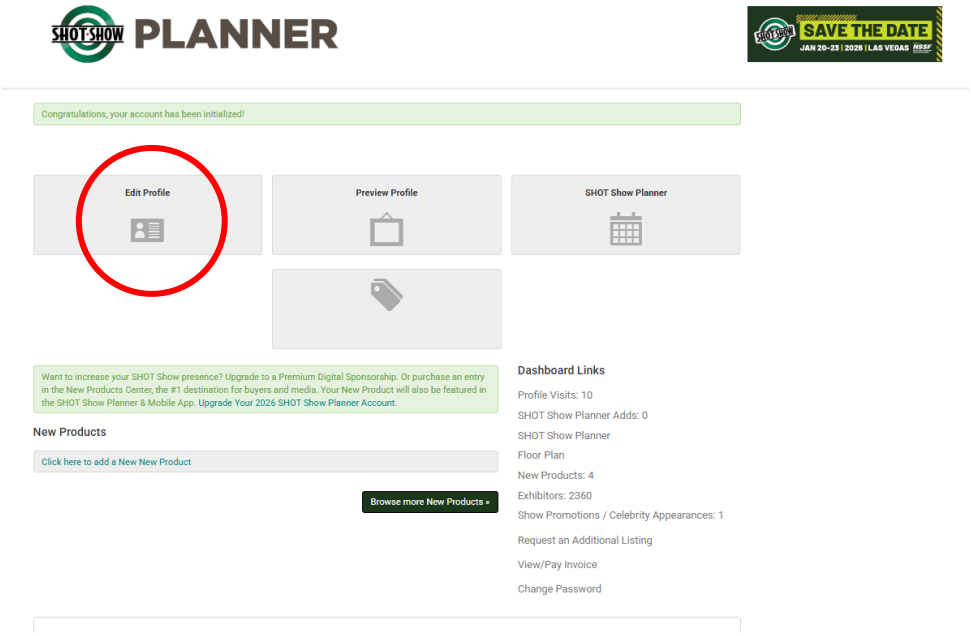
Instructions for editing your catalog entry

Please update or edit your catalog entry for the SHOT Show Planner and for your online entry by **20.09.2026**. You received the personal link for this with your stand space confirmation.

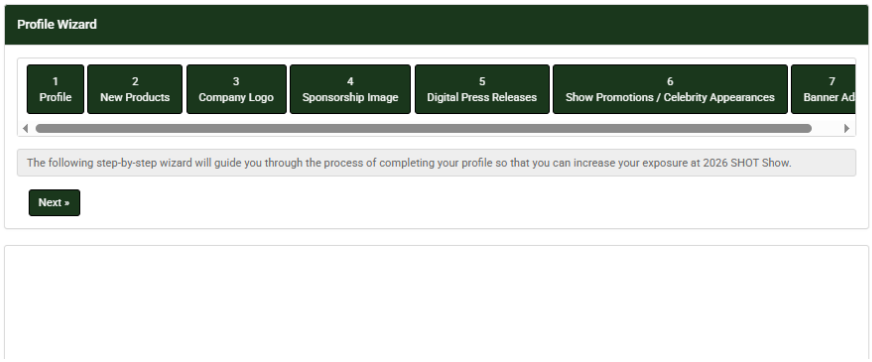
Step 1: Your personal link will take you to the following screen where you can enter a user name and password of your choice. If IWAPavilion26 appears here pre-filled, please be sure to delete it and replace it with your own username.



Step 2: You will then be taken to the following overview:



You can maintain your catalog entry under “**Edit Profile”.** You will be guided through the system step by step and can edit the following points:



“Profile”: here you can maintain your contact details and your catalog entry. Your catalog entry can contain up to 600 characters.

“Company Logo”: here you can upload your logo for the online catalog entry and for the catalog entry in the printed SHOT Show Planner. Please note the information regarding file size and format.

With your booked stand package, you have the option of uploading up to two **“Digital Press Releases”** free of charge. Please note the information regarding file size and format. The Media Package included in your stand package does not include entries under “New Products”, “Sponsorship Images” or “Banner Ads”. These can be booked directly with the organizer for an additional fee.

You can enter more detailed information about your company under “Matcher Profile”.
