12. Stand design

The exhibitor is responsible for stand equipment and decoration.
Relevant for stand design and equipment are the Technical Regulations (Info 4) and the Special Conditions for Participation in the trade fair POWTECH TECHNOPHARM 2028 which are published at www.powtech-technopharm.com and the Shop. The exhibitor agrees to comply with these conditions. Noncompliance may result in claims for damages by the organizer or the neighboring exhibitors affected.
The exhibition organizer reserves the right to give further instructions concerning the design of stands.
Exhibitors are obliged to decorate their stands carefully and in good taste. Stands which do not conform to the accepted standards will not be approved by the organizer until the necessary changes have been made. Unacceptable advertising will be similarly affected.

Exhibition stands of 400 m² or more and two-storey stands are subject to approval. To check the design and execution of the stand exhibitors can use the Booth+Check online portal available in the Shop.
The name and address of the stand holder are to be clearly indicated on the stand for the full duration of the event. If the exhibitor does not use his own stand partition or a rental stand, own stand partition walls are to be ordered from the ServicePartners. Stand partition walls are available for rental in plastic-coated finish.
Only water-soluble adhesive may be used on the fiber board stand partition walls and these may not be painted unless they have first been covered with wallpaper. After the exhibition, wallpaper or other finishing material must be removed by the exhibitors, otherwise exhibitors will be charged with the costs.
If a rental exhibition stand is not used, a fascia (0.30 m high) must be fitted on all open sides of the stand space. The fascia can be omitted if the necessary stand quality is assured in some other way.
Stand partition walls, floors, hall walls, pillars, installations, fire- fighting equipment and other permanent hall fixtures must not be pasted over, nailed, painted or damaged in any other way.
The exhibitor is responsible for any damage and will be charged with the cost of repair. Any pillars, installations and fire-fighting equipment located within the stand are part of the allotted stand space and must be accessible at all times.
Stands are to be provided with an adequate floor covering (e.g. carpet, parquet, PVC). Please refer to the technical guidelines in this regard.
Floor coverings in the stands are only to be fixed with doublesided adhesive tape (following tapes are to be used: tesafix no. 4964).
If the remains of other adhesive tapes must be removed from the hall floor after the end of dismantling, the cleaning costs will be charged to the exhibitor. The same applies to the remains of carpets etc.

13. Exhibitor passes
Each exhibitor will be given free passes according to stand size for his exhibition stand and operating personnel. 3 passes will be issued for up to 10 m² stand space, plus 1 pass for each further 10 m². Any additional exhibitor passes needed can be purchased for entitled persons at a price of EUR 47 each including VAT at the statutory rate.
Exhibitor passes can be ordered, registered, and managed in the pass management in the TicketCenter.
