PRESS RELEASE

August 2023

GaLaBau 2024: Still time to secure a space for the Anniversary edition

Just over a year from now, GaLaBau 2024 will once again reflect the entire range of products and services for designing, constructing and maintaining urban, green and open spaces, as well as sports fields, golf courses and playgrounds. The response from exhibitors has been strong: Many key players, prominent companies and exciting newcomers have already registered for a stand at GaLaBau 2024. The 14 exhibition halls currently have very strong bookings. Exhibitors who have not yet registered can still benefit from the early booking discount until 30 September 2023.

GaLaBau will celebrate its 25th edition in Nuremberg from 11 to 14 September 2024. International exhibitors from throughout Europe will make use of this opportunity to exhibit their products and innovations to trade visitors from gardening and landscaping businesses, municipal and national authorities, landscape architecture studios and dealers in powered equipment. The range of items on show will extend from construction and maintenance machinery to materials, building components, plants and services, and will cover the customary fields of municipal and urban design, private garden design, playgrounds, sports fields, leisure facilities and golf courses.

Foretaste of the highlights of GaLaBau 2024

There is a good reason why GaLaBau is considered THE central meeting place of the green sector. Once again in 2024 its special character as an 'experience' will highlight its prominence: Exhibitors will have the opportunity to further enhance their trade fair attendance by taking part in many events that are popular with GaLaBau's visitors: special shows, forums and presentation areas.

greendesign.

Nürnberg, Germany 11. – 14.9.2024

The Federal Association of Horticulture, Landscaping and Sports Facilities (Bundesverband Garten-, Landschafts- und Sportplatzbau, BGL) will once again attend as honorary sponsor of GaLaBau: “With its strong character of an ‘experience’ and as a ‘family gathering’ for the green sector, the appeal of GaLaBau is international,” says BGL President Lutze von Wurmb. “That is why we will celebrate the 25th anniversary edition, GaLaBau 2024, in the appropriate manner with special, emotional highlights. This is something exhibitors and visitors can look forward to already.”

GaLaBau 2024: Still time to become an exhibitor

Potential exhibitors still have time to reserve a stand at GaLaBau 2024. Stefan Dittrich, Director GaLaBau at NürnbergMesse, reveals: “The exhibition halls already have strong bookings. It is especially pleasing that exhibitors who took a break in 2022 are back on board again for 2024.” The early booking discount will apply to bookings made until 30 September 2023. For all information and to register:

Support for start-ups and young businesses

Newcomers with creative and innovative ideas on questions relating to the future of the green sector have a very special opportunity waiting for them at GaLaBau: Participation in the trade fair will be up to 60 percent cheaper thanks to subsidies from the German Ministry of Economic Affairs and Climate Action. For all information on the subsidy criteria and participation in the “Young Innovators” pavilion, see:
