Let's Talk About Revenue

*2019 in billions

A person in a dark suit and light shirt has their hands clasped on a dark wooden table. In the foreground, another person's hands are visible, counting a large stack of US dollar bills. The scene is dimly lit, focusing on the hands and the money.

\$ 102m

average amount of reported
ransomware transactions
per month in 2021

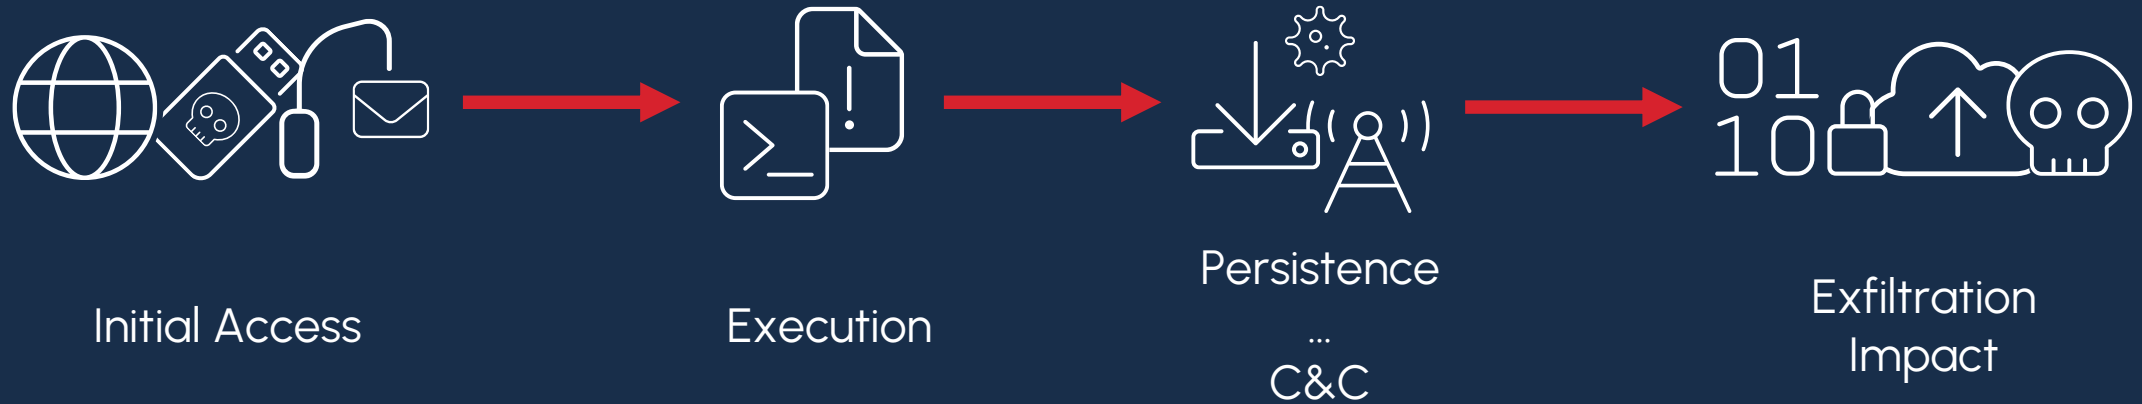

Growing Exploit-Industry

A woman with dark hair tied back, wearing a dark blue t-shirt and white earbuds, sits at a wooden desk. She is looking down at a laptop with a distressed expression, her right hand pressed against her forehead. The background is a blurred kitchen area with warm lighting. The text '75%' is prominently displayed in large white font on the left, with the rest of the statistic in a smaller white font below it.

75%

of all data breaches are not caused
by hacker attacks or malware
