

General Conditions for Participation in Fairs and Exhibitions

As per April 2025

In case of disagreement, the Special Conditions for Participation shall have priority over the General Conditions for Participation.

1. Application

Applications to exhibit at a fair or exhibition (event) must be made on the official printed application form, which must be accurately completed and signed in a legally effective manner. Alternatively the application can be effected online by accurately completing and sending the online form and if need be additional confirmation of a link received by e-mail. Such an application constitutes a contractual offer to the organizer and cannot be endorsed with conditions and restrictions, particularly with respect to desired stand positions, which do not represent a condition for participation. By signing this form or sending the online form more specifically additional confirmation of a link received by e-mail, the General and Special Conditions for Participation are recognized as binding and included into the contractual offer by the applicant, who is also responsible and liable for adherence to the said conditions by persons employed by him at the event. The organizer is not obligated to apply in the online portals of the exhibitor or to complete the supplier forms or any other forms/questionnaires of the exhibitor.

2. Admission/Stand space confirmation

2.1 Admission of exhibitors and listed exhibits is a matter for the sole discretion of the organizer, who will confirm same in a written or text form stand space confirmation (e.g. e-mail).

The contract comes into force on confirmation of admission. Reservations or conditions stipulated in the application are invalid without the written confirmation of the organizer. If the content of the confirmation of admission differs significantly from the content of the application form, the contract is concluded in accordance with the confirmation of admission if the exhibitor does not object in writing within 2 weeks of receipt. In this case, the organizer will be obligated to specifically inform the exhibitor of the two-week objection period and the consequences of the lapse of the prescribed period in the stand space confirmation.

A legal entitlement to admission does not exist. If the number of suitable applications received by the organizer before the application deadline exceeds the amount of space available, admission will be decided at the discretion of the organizer. The organizer is also entitled to limit the listed exhibits. Admission applies only to the listed exhibits, the exhibitors specified in the stand space confirmation and the space stated therein. Other items than those listed and admitted cannot be exhibited.

An exhibitor who has previously failed to settle his financial obligations to the organizer or settle them punctually may be excluded from admission.

2.2 If economic sanctions have been imposed by the EU, Germany, other EU/EEA states, or the United States against the country in which the exhibitor has its registered head office or from which the exhibitor's products originate (e.g., due to wars that violate international law, war crimes or the like), the exhibitor may be excluded from admission completely or with respect to individual products to the extent that the organizer or other trade fair participants cannot be reasonably expected to tolerate an admission of the exhibitor. This shall also apply if the economic sanctions do not prohibit participation in the event. Moreover, companies listed on the Consolidated Sanctions List of the European Union (CFSP) or another sanctions list of the EU, the United States, or an EU/EEA state are not entitled to participate. By filing the application, the exhibitor confirms that its owner, managing director, shareholders, and other economic beneficiaries of its company are not listed on any one of the above-mentioned sanctions lists.

2.a Code of Conduct for Business Partners of the organizer/Termination in case of violations

2.a.1 With respect to the collaboration with business partners, the organizer refers to the basic principles of business activity set out in the Code of Conduct for Business Partners (available for viewing at www.nuernbergmesse.de > Company > Compliance > Our Code of Conduct for Business Partners). The exhibitor declares its acceptance of these basic principles and assures that it will not use child labour and forced labour in its business activities and that it will refrain from any form of discrimination on the basis of ethnic background, religious affiliation, gender, age, or sexual orientation.

2.a.2 Subject to the conditions set out in Article 5 of the Code of Conduct for Business Partners (available for viewing at: www.nuernbergmesse.de > Company > Compliance > Our Code of Conduct for Business Partners), the organizer may terminate the contractual relationship with the exhibitor without notice if the exhibitor violates this Code of Conduct.

3. Allotment of space, subsequent alteration of stand space

3.1 The space allotment will be done by the organizer in accordance with the product groups and arrangement of the event concerned and subject to the space available. Siting requests made in the application form will be considered as far as possible. Order of receipt of applications will not be the sole deciding factor for allotment of space.

3.2 The organizer is entitled to subsequently alter the shape, size, dimensions, and position of the stand space allotted to the exhibitor to the extent required for reasons of safety or public order, the more efficient utilization of rooms and

areas, to avoid gaps in the exhibition areas (e.g., due to cancellations), or for compelling or technical reasons for which the organizer is not responsible, and insofar as such an alteration is reasonably acceptable to the exhibitor.

The organizer must immediately notify the exhibitor of the necessity of such a measure and, if possible, offer an equivalent stand space. If the subsequent alteration results in a smaller stand rent, the corresponding proportion of the stand rent will be refunded to the exhibitor. Otherwise, the exhibitor will not be entitled to derive any further rights from a subsequent alteration according to item 3.2.

3.3 Exhibitors must accept that the location of other stands at the beginning of the fair or exhibition may have altered since the time of admission; no claim may be made on account of such alterations.

3.4 Exchanging the allotted space with that of another exhibitor or transfer to a third party, even only in part, is not allowed without the permission of the organizer.

4. Joint exhibitors

Stand spaces are hired only as complete spaces and only to one contractual partner. Exceptions may be made to this rule, if necessary.

If several exhibitors wish to share a stand space, they must name a representative in their application form who is authorized to act on their behalf in negotiations with the organizer.

5. Co-exhibitors

5.1 The use of the stand space by another company with its own products and personnel (co-exhibitor) requires a separate application of the direct exhibitor and a confirmation of the application by the co-exhibitor itself as well as an admission by the organizer. Admission of one or more co-exhibitors is subject to a special fee.

5.2 Responsibility for ensuring that co-exhibitors fulfil all their commitments shall rest with the principal exhibitor, if applicable, in addition to the co-exhibitor. Apart from telephone number, fax number and e-mail address further personal data of the co-exhibitor will be recorded for the application. Additionally structural data of the co-exhibitor will be checked and recorded. By the application of the co-exhibitor the direct exhibitor grants to be ordinary enabled or enabled enough to lodge the data.

6. Stand rental, lien

Stand rentals and terms of payment are shown in the Special Conditions for Participation.

Payment of the stand rental must be made in accordance with the dates laid down before the allotted space may be occupied. Complaints about the invoice can only be considered if they are submitted within 14 days of invoicing.

The organizer is entitled to exercise his right of lien and sell any distrained property on the open market after written notice of intention. No liability will be accepted for damage to seized items unless deliberate or caused by gross negligence.

7. Withdrawal of application, cancellation of part of stand space

If the exhibitor withdraws his application, cancels part of the stand space or does not participate in the event, the organizer is entitled to use the hired stand space or the cancelled part of the space for other purposes and relet to third parties. Any cancellation declarations made by the exhibitor must always be made in writing or in text form.

If the exhibitor possesses no mandatory withdrawal or termination right, he still remains obliged to pay the following cancellation fee on cancellation or partial cancellation after admission has been confirmed:

- up to 90 days before the start of the event: 50% of the agreed stand rental,
- up to 30 days before the start of the event: 80% of the agreed stand rental, and
- less than 29 days before the start of the event the full amount of the agreed rental for the cancelled stand space.

In each of the above cases, the exhibitor retains the right to prove that the organizer has saved costs not considered in the deduction and has benefited as a result of the cancellation, partial cancellation or non-participation. If other free spaces of the size let to the exhibitor are still available for the event, the exhibitor may not normally claim that the organizer has benefited from reletting the stand space or part of it or using it for other purposes, especially in terms of the rental obtained.

8. Cancellation of admission

8.1 The organizer is entitled to cancel confirmation of admission and relet the space elsewhere in the following cases:

- a) The stand is obviously not occupied in good time, i.e. at least 24 hours before the official opening of the event.
- b) The exhibitor fails to pay the stand rental at the agreed time and allows a period of grace granted by the organizer to lapse without result.
- c) The exhibitor commits a serious violation of the General or Special Conditions of Participation, the Technical Guidelines, or other provisions.

General Conditions for Participation in Fairs and Exhibitions

(Continued)

- d) The exhibitor commits a serious violation of the organizer's site regulations.
e) The conditions for admission are no longer met by the registered exhibitor or the organizer subsequently becomes aware of grounds that would have justified refusal of admission had they been known in good time. In this case, the exhibitor must be given an adequate opportunity to comment before the revocation.
- In cases c) and d), an unsuccessful notice of warning or unsuccessful lapse of a grace period granted to remedy the deficiency will be required except when this is unnecessary according to Section 543 (3) sentence 2 BGB.
- 8.2** In all cases of Item 8.1, the organizer reserves the right to assert claims for damages. In the cases of Items 8.1. a) to d), the exhibitor will at least owe the respective cancellation fee by analogous application of Item 7. The exhibitor may derive no claims against the organizer from the revocation of admission.
- 8.3** The organizer's right to terminate the contractual relationship without notice for good cause in accordance with the legal regulations remains unaffected by the present Item 8.
- 8.4** If the exhibitor does not close its stand after revocation of admission or termination without notice for good cause by the organizer despite the organizer's request to close it, the organizer may close the stand itself by way of self-help.
- 9. Cancellation of rental exhibition stands and other services**
Once admission has been confirmed, the exhibitor must pay charges even if he withdraws his application or does not exhibit. The organizer also reserves the right to assert claims for damages. If the exhibitor cancels the order for rental exhibition stands and/or other services, a cancellation fee is payable in accordance with the Terms and Conditions for Services of NürnbergMesse GmbH.
The exhibitor retains the right to prove that the requested compensation for costs incurred is too high.
- 10. Exclusion of exhibits**
The organizer is entitled to demand the removal of items which have not been listed in the application form or prove to be dangerous, a cause of annoyance or otherwise unsuitable, or which can be proved to be a violation of industrial property rights. If this demand is not complied with, the said items will be removed by the organizer at the expense of the exhibitor. If a violation of industrial property rights by an exhibitor is proved (e.g. on the grounds of a valid court ruling against the exhibitor), the organizer may exclude the exhibitor from participating in a subsequent event.
- 11. Stand assembly, equipment and design**
Stands must conform to the overall layout of the exhibition. The organizer reserves the right to forbid the erection of stands which are unsuitable or inadequate or to alter them at the exhibitor's expense.
Stands must be properly equipped and manned by qualified personnel at the specified times for the entire duration of the event. Stand fitting must be completed at the latest by the end of the period allowed for stand assembly and stands cleared of any packing materials. The organizer will be entitled to use for another purpose any exhibition areas on which assembly has not yet begun by 3:00 p.m. of the last assembly day. In this case, the organizer will have the right to charge the resulting costs to the exhibitor. Removal of exhibits or dismantling of stands before the end of the event is not permitted. Names and addresses of exhibitors must be clearly displayed on the stands. In case of discrepancies, the Special Conditions for Participation prevail over the General Conditions for Participation.
The approval of the organizer is needed if stand constructions exceed the specified height limits for stands. Consent is also needed for particularly heavy exhibits. Fixing to the hall floor is not permitted.
After the official closing of the event or after a measure according to item 12.1 or 12.3 was taken that did not involve a continuation of the event, basic items, insofar as these have been provided by the organizer, must be returned undamaged and in their original condition. Damage caused through negligence or not immediately notified at the time of occurrence must be indemnified by the exhibitor.
- 12. Cancellation, change of place or time, interruption, closure of the event**
- 12.1** After contract formation, the organizer may cancel the event in full or in part, change the location or time, or shorten, discontinue, interrupt or close the event if it is impossible to hold the event at the event location and/or at the event time in full or in part (according to Section 275 (1) - (3) German Civil Code (BGB)) or if there is a valid reason and the organizer or its vicarious agents are not responsible for the valid reason. The interruption includes the possibility of delaying the end of the event to compensate for the interruption in full or in part.
- 12.2** A valid reason within the meaning of item 12.1. exists
- when there are sufficient indications that holding or continuing the event would entail an unacceptable, concrete risk to life, limb or health, or
 - when there are sufficient indications that holding or continuing the event would entail a concrete risk of considerable property damage, or
 - if holding or continuing the event would be considerably impaired in full or in part or if such a considerable impairment is likely by reason of a natural event, war, pandemic, epidemic, terror risk or attack, labour dispute, limitation of transportation, utility and/or communication connections, unexpected limitation of the usability of the event space, travel restrictions, official orders, official recommendations or restrictions, or force majeure. A considerable impairment exists when the event cannot be held as planned and for that reason the purpose of the event for visitors, exhibitors and organizers cannot be achieved or only with significant restrictions.
- 12.3** After contract formation, moreover, the organizer may also cancel the event up to eight weeks before the start of the event if more than 60% of rented stand space or more than 60% of registered exhibitors (including co-exhibitors) compared to the registration status at the time of general distribution of approvals/stand area confirmations are eliminated due to the refusal or cancellation of other exhibitors, so that the event can no longer represent significant parts of the industry and therefore the purpose of the event for visitors, exhibitors and organizers cannot be achieved or only with significant restrictions.
- 12.4** The organizer shall decide at its reasonable discretion whether a measure will be taken and what measure will be taken according to item 12.1 or 12.3, also in consideration of the legitimate interests of visitors and exhibitors. If holding the event is completely impossible in accordance with Section 275 BGB, the organizer shall likewise always be entitled to cancel the event.
- 12.5** The organizer shall be obligated to immediately inform the affected exhibitors of a measure according to items 12.1 or 12.3.
- 12.6** If the event is cancelled before it begins according to items 12.1 or 12.3, the organizer and the exhibitor shall be released from their reciprocal contractual performance obligations. Any already paid stand rent and the remuneration for services agreed between the organizer and the exhibitor shall be refunded to the exhibitor.
- 12.7** If the event is discontinued, interrupted, shortened or closed after it has begun according to item 12.1, the organizer shall be released from its contractual performance obligation from this time onward or for the period of interruption. The stand rent shall be reduced in the ratio of the discontinued event duration to the planned total duration of the event. Reduction of stand rent shall be excluded in the event of an immaterial shortening or interruption of the event of up to 15% of the event duration. If the interruption is compensated by a delay of the end of the event, the stand rent will not be reduced. Any overpaid stand rent shall be refunded to the exhibitor. Insofar as services agreed between the exhibitor and the organizer can no longer be provided due to the measure according to item 12.7 sentence 1 (e.g. discontinuation) or insofar as the provision of the not yet provided portions of services has become pointless as a result of the measure, the exhibitor shall only owe the remuneration attributable to the provided portion of the services. In case of an impossibility for which the organizer or one of its vicarious agents is responsible, the organizer shall not be entitled to the remuneration insofar as the exhibitor has no interest in the already provided portion of the service. Any overpayment of remuneration shall be refunded to the exhibitor.
The exhibitor shall owe the full remuneration for the service of individual stand construction as soon as the stand construction is completed.
- 12.8** If the event is shortened or if the place or time of the event is changed before it begins according to item 12.1, without the consent of the exhibitor, and if the exhibitor is consequently no longer interested in participating in the event, the exhibitor will be entitled to rescind the contract. The rescission may only be declared immediately, but at the latest within 14 days after notification of the change or shortening, to the organizer in text form. If the exhibitor declares the rescission in due time, item 12.6 shall apply accordingly. If the exhibitor does not declare the rescission in due time, the services agreed between the exhibitor and the organizer shall also be performed at the new date.
- 12.9** If the event is cancelled, discontinued, interrupted, shortened, the location or time of the event is changed or the event is closed only partially (e.g. in relation to a certain hall), the legal consequences of items 12.6 to 12.8 shall only apply in relation to the exhibitors directly affected by the measure according to item 12.1. The exhibitors in those parts of the event that are held without changes shall still be obligated to pay the full stand rent.
- 12.10** The exhibitor may not assert claims for damages or claims for reimbursement of expenses on the basis of a measure according to items 12.1 or 12.3; claims of the exhibitor based on impossibility according to Section 275 BGB for which the organizer or one of its vicarious agents is responsible remain unaffected by this – although subject to the limitations of item 19.
- 12.11** Any further rights of the organizer based on frustration of contract according to Section 313 BGB remain unaffected by this item 12.
- 13. Assembly and dismantling passes, exhibitor passes**
Passes for exhibitors and workmen employed during the period of stand construction and dismantling will be issued to the exhibitor, if applicable. The validity of these is limited solely to the assembly and dismantling periods and does not cover admission during the event.
A limited number of free exhibitor passes will be issued to exhibitors and their

General Conditions for Participation in Fairs and Exhibitions

(Continued)

employees for the period of the event.

These passes will be made out in the name of the persons concerned and must be signed. They are not transferable and only valid in conjunction with an identity card. Misuse of the passes will lead to their being withdrawn. The number of passes issued is not increased by the inclusion of co-exhibitors. Additional passes are obtainable against payment.

14. Advertising

Advertising of all kinds is allowed only within the stand space rented by the exhibitor for his own firm and only for products and/or services produced or distributed by him, insofar as these have been listed in the application form and admitted.

The use of apparatus and equipment to achieve an increased advertising effect by optical and/or acoustic means requires the written consent of the organizer.

Advertising outside the stand space rented by the exhibitor is only possible as part of the advertising and sponsoring measures offered by the organizer. Advertising of a political nature is forbidden.

15. Photographs, drawings, films

The organizer is entitled to have photographs, drawings and films made of the exhibition, exhibits and exhibition constructions and stands and to use these for publicity or press purposes without exhibitors being able to object for any reason. This also applies to photographs produced directly by the press or television with the consent of the organizer.

For photographs, drawings and films of stands against payment, exhibitors must only use service contractors authorized by the organizer and in possession of a relevant permit. Only these service contractors may be commissioned before or after the official daily opening hours. Other service contractors are not admitted during these hours.

Exhibitors are not permitted to produce photographs, drawings and films of the stands and exhibits of other exhibitors.

16. Direct selling

Direct selling is not allowed unless expressly permitted by the Special Conditions for Participation, in which case objects for sale must be marked clearly with their prices. Exhibitors are responsible for ensuring that they obtain the necessary permits from the relevant trade and health authorities and comply with regulations.

17. Cleaning und stand space clearing

The organizer is responsible for general cleaning of the grounds and hall passages. Stand cleaning is the responsibility of exhibitors and must be completed daily before the opening of the event. Exhibitors are to use the service contractor engaged by the organizer for stand cleaning.

If the stand space is not cleared by the end of the official dismantling period, the organizer shall be entitled to charge a fee of EUR 300 per m². The organizer is also entitled to dispose of exhibition stands and/or exhibits left behind at the exhibitor's expense. The organizer accepts no liability for damage to, or loss of exhibition stands and/or exhibits left behind.

18. Supervision

The organizer will arrange general supervision in the exhibition centre. This shall not affect the liability provisions of item 19.

The exhibitor is responsible for the supervision of his stand and his exhibits himself.

Exhibitors are strongly recommended to make their own arrangements for the security of their stands and exhibition items and effect appropriate insurance cover. Valuable items which can be easily removed should be locked away at night.

Additional stand supervision is available at the exhibitor's own expense by using the service contractor engaged by the organizer.

19. Liability, insurance, accident prevention

19.1

The organizer bears unlimited liability only in cases of intent or gross negligence and for damages due to loss of life, bodily injury or damage to health.

In all other cases the organizer shall be liable only

- in the event of a breach of cardinal obligations. Cardinal obligations are obligations of fundamental importance for the proper execution of the contract and which the exhibitor can expect to be regularly fulfilled;
- if the organizer is legally obliged to take out liability insurance cover or this is usually the case;
- if the organizer has claimed a special degree of trust or occupies a qualified position of trust.

In these cases, however, the organizer is only liable for typical foreseeable damage (hence not usually liable for consequential damage) and then only up to a limit of EUR 100,000 for each case of damage. The liability limitation applies only to businessmen, juristic persons under public law and special public assets. Moreover, liability due to slight or ordinary negligence is excluded. This liability limitation also applies to the conduct of the organizer's performing and vicarious agents.

19.2

The exhibitor/co-exhibitor or joint exhibitor is liable for any damage to persons or objects caused culpably by himself, his employees, his representatives or his

exhibits and equipment.

19.3

The exhibitor is fundamentally obligated to obtain adequate insurance protection himself. It is recommended that the exhibitor takes out exhibition insurance to cover the transport and sojourn risk. Such insurance can be arranged by the organizer under a framework agreement.

19.4

The exhibitor is obliged to fit the exhibited machinery and equipment with safety devices complying with the accident prevention rules of the appropriate professional associations. The organizer is entitled to prohibit the exhibition or operation of machinery and/or equipment at his discretion.

20. Protection of industrial property rights

Protection of copyright or other patent rights of exhibits is the responsibility of the exhibitor. A six-months period of protection from the beginning of an exhibition by reason of the law relating to the protection of inventions, samples and trade marks of 18 March 1904 (RGBl. page 141) only takes effect if the Federal Minister of Justice has published a relevant announcement in the Bundesgesetzblatt (Federal Law Gazette) for the event concerned (see Special Conditions for Participation, Exhibition priority).

21. Domiciliary right and house rules, contraventions, no-smoking policy

Exhibitors agree to accept the domiciliary right of the organizer during the event in all parts of the exhibition centre. The house rules of the organizer must be observed. The instructions of the organizer's employees and representatives of the organizer, who possess official identity cards, must be complied with. Contraventions of the General and Special Conditions for Participation or instructions within the framework of the domiciliary right and the house rules shall entitle the organizer, if such contraventions continue after warning, to immediate closure of the stand at the exhibitor's own risk and expense and without claim to compensation.

There is a general smoking ban on the entire exhibition grounds. Smoking is only permitted in specially marked areas.

22. Place of fulfilment and jurisdiction

The place of fulfilment is Nuremberg. The same applies to the place of jurisdiction when the exhibitor is a merchant in his own right or a juristic person under public law or does not have a general inland place of jurisdiction. The organizer is also entitled to take legal proceedings against the exhibitor at the exhibitor's general place of jurisdiction.

23. Data protection notice

Personal data will be processed by the organizer as the controller within the meaning of data protection law, and where applicable by our ServicePartners, with due regard to the data protection regulations applicable to the support and information provided to customers and interested parties and the performance of the offered services (legal basis: Art. 6 para. 1 letter b EU-GDPR).

In accordance with the principle of data minimisation and data avoidance, only that data which is absolutely necessary for the aforementioned purposes will be processed. Personal data will of course be treated as confidential and protected as best as possible by means of appropriate security measures. Only authorised persons engaged in providing technical, commercial and customer administration support will have access to your data. Naturally, appropriate job processing agreements have been concluded to the extent legally required.

Personal data will be retained until the contractual relationship with the organizer is terminated and also until the data is no longer needed for other legal reasons (e.g. due to statutory retention periods).

Every exhibitor has the right to complain about this data processing to the competent data protection supervisory authority and may demand, subject to fulfilment of the legal conditions, information, rectification, erasure or restricted processing, object to the processing or assert his right to data transferability. NürnbergMesse GmbH or its data protection officer will be glad to answer any questions on this subject. You can find additional information on the subject of data protection, particularly including the relevant contacts, at nuernbergmesse.de/en/data-protection.

24. Data use for promotional purposes

The organizer has an interest in cultivating the customer relationship with its exhibitors and providing them with information and offers about its own similar events and services or those of its subsidiaries. Therefore, the data transmitted with the submission of the application (company name, address, telephone/fax number and e-mail address) will be processed by the organizer itself and where applicable transferred to its ServicePartners and subsidiaries and processed by them in order to transmit appropriate event-related information and offers by e-mail in accordance with Art. 6 para. 1 letter f EU-GDPR.

Objection to the transfer and use of data for purposes of direct promotion can be notified to the organizer at any time; this also applies to profiling if it is directly related to the direct advertising. Once the objection is notified, the data will no longer be processed for this purpose. The objection can be notified without observing formal requirements and without indication of reasons and without incurring separate costs aside from the customary

General Conditions for Participation in Fairs and Exhibitions

(Continued)

transmission costs at basic rates.

You can find additional information on the subject of data protection, particularly concerning the exercise of your rights as a data subject and relevant contacts, at nuernbergmesse.de/en/data-protection.

25. Data usage for test purposes

The organizer always endeavours to ensure the best possible experience in working with the software tools and platforms it provides. For this purpose, all products undergo different test phases (function test, load test, integration test, user test, performance test) before they are approved for use in order to ensure that the requirements for security, user friendliness, and freedom from defects can be guaranteed. The genuine data used for test purposes (i.e., the data provided with the submission of the application) are exported from the productive system to the test system. It is guaranteed that no data from the test system make it back to the productive system. Upon the conclusion of the

test phase, the data in the test environment are erased again.

The legal basis is Art. 6 para. 1 letter f EU GDPR. Data subjects may always object to the use of data for test purposes vis-à-vis the organizer. When an objection is raised, the data may no longer be processed for this purpose. The objection can be filed informally without indication of reasons and no costs will be incurred aside from the regular transmission charges according to basic rate plans.

You can find additional information about data protection, particularly on the subject of exercising your data subject rights and ways you can contact us, at nuernbergmesse.de/en/data-protection.

26. Severability clause

If any provisions of these Conditions for Participation are partially void or incomplete, this shall not affect the validity of the remaining provisions and the contract. In such cases, the parties agree to replace the void or missing provision by a provision that most closely relates to the business purpose intended by the parties.
