

Upstream Energy

TARGET CLASSES

- Major oil and gas corporations
- National/state owned oil and gas operations
- Independent oil and gas companies
- Integrated energy companies
- Drilling contractors
- Specialist vessels
- Construction
- Offshore Renewables

COVERAGE HIGHLIGHTS

Our Upstream Energy team covers the oil and gas industry both offshore and onshore. We look to write risks in the major worldwide hubs focusing on Europe, USA, Canada, Asia Pacific, and South America.

We have a thorough understanding of insurance products available, which allows us to underwrite for a wide array of insureds. We would look to offer cover for clients involved in exploration and production, operational risks, construction, and specialist energy vessels.

Westfield Specialty's experience ensures a high standard of service to clients and brokers for both underwriting and claims.

WHAT WE OFFER

Westfield can deploy up to USD 100m for oil and gas risks in the Gulf of Mexico. Westfield Specialty's coverage for the upstream energy sector primarily falls into the following areas.

- Physical loss or damage
- Removal of Wreck/Sue & Labour/ Collision liabilities
- Business Interruption/Loss of production income/Loss of Hire
- Operators' Extra Expenses/ Control of well/Pollution
- Third Party Legal Liability

The company writes business through Lloyd's registered brokers.

The experienced and well-respected energy team, backed by superior modeling capabilities and a specialist claims staff, maintains strong and long-standing market relationships. The company's technical knowledge, gained through practical industry experience, gives it unique understanding of upstream energy risks.

POINTS OF DIFFERENCE

- Westfield Specialty's experience ensures a high standard of service to clients and brokers for both underwriting and claims.
- Knowledge to review coverage for complex or unique risks.
- Expertise in dealing with a wide array of clients.
- Ability to review and adapt coverage to accommodate Insureds requirements.
- Committed to prompt servicing on all enquiries.
- Underwriters available in Lloyd's, offices or remotely as required.
