This Open Enrollment guide is not a plan, plan amendment, summary plan description (SPD) or contract to provide the benefits described. This guide is intended primarily to be an overview of the benefits in which you may enroll for 2024. In addition, the "New in 2024" section of this document is intended to satisfy the requirements to deliver a summary of material modifications (SMM) describing important changes to ONEOK's health and welfare benefit plans. The SMM modifies some information in the 2023 SPD. In the event of any discrepancy between the SMM and the 2023 SPD, the provisions of the SMM will govern. Any additional changes to the plans after distribution of this Open Enrollment guide, will be communicated in another SMM or an updated SPD and posted on ONEOK Online. Any benefits provided by any of the plans are governed by the formal written plan documents adopted by ONEOK. While every effort is taken to report your benefits accurately, discrepancies or errors are always possible. In the event of any conflict between this information and the written plan document, the written plan document will govern. This information does not constitute tax advice or an employment contract or guarantee to continue employment for any period of time. ONEOK reserves the right to change the plans' provisions, in whole or in part, at any time for any reason.

Health Plans That Take You There

Take a closer look at your medical plan options through UnitedHealthcare.

Choosing the right medical plan is important for you and your family. That’s why ONEOK offers you two options with the same covered services and network: **Preferred Provider Organization (PPO) Plan** or the **High Deductible Health Plan (HDHP)**.

See page 12 for HDHP eligibility requirements. Other restrictions and exceptions apply. Consult a tax, legal or financial advisor to discuss your personal circumstances.

Travel and lodging benefit

NEW! As an ONEOK Health Plan member, you have an allowance of \$2,000 per year for travel and lodging related to approved covered health services when you travel more than 100 miles from your home address, as reflected in our records. This is for incurred reasonable travel and lodging expenses only and is independent of any existing medical coverage available. You must pay for travel and lodging out of pocket and then submit receipts for reimbursement.

Coverage is for transportation by plane (economy ticket), train, bus, ferry, taxi, Uber/Lyft, fuel and tolls/parking. Lodging expenses are further limited to \$50 per night or \$100 per night when a travel companion is medically necessary. Meals, medical supplies, non-covered services, emergency room and urgent care visits are not eligible for reimbursement.

Reimbursement forms are at [myuhc.com > Claims & Accounts > Submit a Claim > Travel and Lodging](#) or call the telephone number on your ID card.

Gap exception

When a network specialist isn’t available within a 30-mile radius of your home ZIP code, you can see a non-network specialist (paid at the network level). UnitedHealthcare must approve any benefits payable under this exception before you receive care.

Out of area

If you live in an area with limited access to in-network medical or dental providers and have been classified as “out of area,” you’re eligible to enroll in the ONEOK Health Plan or the ONEOK Dental Plan and receive in-network benefits, regardless of the provider you choose.

However, if you choose an out-of-network provider who charges more than the reasonable and customary rate, as determined by UnitedHealthcare or Delta Dental, you may be responsible for the additional charges, plus your share of eligible expenses. Being classified as out of area for the ONEOK Health Plan doesn’t automatically classify you as out of area for the ONEOK Dental Plan or vice versa.

Save Along The Way

HSA Health Savings Account

Trim your tax bill with the HSA, a tax-advantaged account that helps you save on eligible health care expenses now or keep the money into retirement. The money is yours until you spend it — even deposits made by others, such as ONEOK or a family member. You keep it, even if you change health plans, jobs or retire.

How to qualify

- Be enrolled in ONEOK’s High Deductible Health Plan (HDHP).
- Not be claimed as a dependent on someone else’s tax return.
- Not have any other non-HDHP coverage (e.g., coverage through your spouse’s employer).
- Not contribute to or receive reimbursement from a regular Health Care Flexible Spending Account (HCFSA). Applies to spouses as well.
- Special rules apply if you or your dependent(s) are 65 and/or are eligible for Medicare, veteran’s benefits or TRICARE. Talk to a tax, legal or financial advisor for your personal situation.
- HSA dollars cannot be used for domestic partner expenses unless they are your qualified tax dependent.

Qualified medical expenses

- Dental care, including extractions, crowns and braces.
- Vision care, including contact lenses, prescription sunglasses and LASIK surgery.
- Prescription medications.
- Certain over-the-counter drugs and medications.
- Chiropractic services.
- Acupuncture.

Employees who have funds remaining in their 2023 HCFSA won't be able to contribute to the HSA or receive the 2024 ONEOK contribution until 2023 HCFSA funds have been exhausted.

What you pay

	2024 HSA Maximums
Individual	\$4,150
Your Maximum Contribution	\$3,650
ONEOK Contribution	\$500
Family	\$8,300
Your Maximum Contribution	\$7,300
ONEOK Contribution	\$1,000
Catch-up	\$1,000
If you’re age 55 as of December 31, 2024, you’re eligible to participate in the catch-up contribution.	

How it works

- Elections are deducted pre-tax over 24 pay periods. Your contributions to the HSA aren’t preloaded. Money will be added to your Optum account after each paycheck.
- You’ll receive a health savings Mastercard in the mail. If you currently have a card, use it until it expires.
 - Use your health savings Mastercard for qualified medical expenses.
 - Any unused funds will carry over for future use.
 - Change your contribution anytime throughout the year.

No use it or lose it!

Once your account reaches \$2,000, you may invest in mutual funds through Optum Bank. Savings grow tax free.

HCFSA

Health Care Flexible Spending Account

Get reimbursed for certain health, dental and vision expenses with your pre-tax dollars. The full amount of your election will be available to you on January 1, 2024.

Use your health care spending card at doctors’ offices, pharmacies and stores that accept FSA cards for qualified medical expenses.

LPFSA

Limited Purpose Flexible Spending Account

Allows you to set aside money, before taxes, for vision and dental expenses. The money is available to use starting on January 1, 2024.

If you or your spouse have an HSA, the IRS says you can have an FSA, but it can only be an LPFSA, limited to qualified expenses like vision and dental until you reach the minimum HDHP deductible. Once the minimum HDHP deductible is met, the LPFSA can be used for medical, prescription and over-the-counter expenses.

Use your health care spending card at the office of your dentist, orthodontist, ophthalmologist and stores that accept FSA cards for qualified dental and vision care.

For LPFSA: Spend your funds by December 31, 2024. Any unused funds will be forfeited.

DCFSA

Dependent Care Flexible Spending Account
