Jom Stay at the HIVE!

PENGERANG: When it first opened its doors to guests back in 2017, it was a refreshing sight to see a construction with a dwelling façade, called 'The HIVE'. Since then, it continued to be a preferred place to stay for staff.

In January 2022, The HIVE introduced the 'Jom Stay' programme to capture more people to stay at the accommodation. The packages include short and long stay commitments with add-on features such as room cleaning and meals.

The room rental are priced at RM550 and RM700 a month for types A and B. The rental includes the usage of facilities, amenities and utilities and to date, more than 500 applications have been received.

Walk-ins are also welcomed to support fatigue management where staff are able to stay at The HIVE before the start of their travel or if they need a place to stay should they feel tired and in need of a place to sleep.

Soon, family members may be allowed to visit or stay at The Hive during weekends. However, it is still pending approval by the management. This is good news to staff who had been unable to go home to see their families for a prolonged period of time.

The HIVE has approximately 1,388 rooms under the management of about 350 staff. The accommodation offers a range of facilities and services such as housekeeping, facility and laundry management, F&B as well as clubhouse and gym facilities.

LEADER'S

Happy New Year to friends and colleagues. We hear your feedback and we act upon it. It has been and will continue to be our common aspiration to fill up The HIVE with lights and warmth of hospitality. Enjoy your stay and I hope you will continue to create positive impact to the organisation.

ACTIVITIES

En Khairul Salleh Jais and his team officially migrated RWTP control to MCB 601. LCB was the first facility authorised to support EPCC construction and met pre-commissioning requirements before MCB was completed.

PIC opens its first Kopitiam

Ever had a craving for roti bakar goyang but it was too much of a hassle to go far to get it? Fret not, you can now appease your craving right here at Dining Hall 3 within the vicinity of the PIC Management Office (PICMO).

PIC opened its first Hive Kopitiam on January 6, 2022 with the capacity to cater about 150 pax on average daily. The outlet was opened to provide express food and beverages in addition to a venue for short discussions.

The menu has a variety of choices ranging from lontong, curry mee, roti bakar, half boiled eggs, fried meehoon, fried rice, salads, sandwiches as well as kopi kampung, teh tarik and other hot beverages for your choosing.

With this latest addition to the services offered, it is hoped that it will provide convenience and room for choice in terms of food variety and quality to the staff. More information can be found at <https://tmrlcservices.com>.
