

## Hijrah Towards a Better PIC

The inaugural Forum Khas: Dimensi Baru Hijrah, in conjunction with the new year of the Islamic Calendar was jointly organized by BADAN KEBAJIKAN ISLAM PETRONAS (BAKIP), Persatuan Isteri-isteri Kakitangan dan Kakitangan Wanita PETRONAS (PETRONITA) and KESATUAN BAKITANGAN PETRONAS (KAPENAS) on Aug 25, 2022.

"There is nothing certain of this world except for one thing – Change. Change is the only constant of the universe," said Encik Hairulnam Suhari, PRPC's Head of Human Resource Management, in his officiating speech. He then set the context of the forum by relating between the Hijrah success of Prophet Muhammad with the Muslims and the mass migration of experts to Pengerang in transforming PIC into THE Regional Petrochemical Park.

The subsequent discussions and sharing by panellist Prof Dr Arshad Ahmad, UTM's Director of Institute of Future Energy, Ustaz Zulkhairi Ngah, Director of 3R Dynamic Training & Consultancy, and Dr Aminuddin Ruskam, Former Director of UTM's Islamic Centre, delved deeper into the lessons learnt of Hijrah and its application for the staff of PIC today. As the moderator, Ustazah Dr Rafiza Mohamed steered the session while staying focused on the new perspective of Hijrah.

Not only did the audience receive valuable clear and applicable action items, but they also went home with exhibitors who participated under the product initiative by the Strategic Business Development & Commercial (SBDC) at the Lite Super Bowl, JB 4 Desaru on 24 Aug 2022. The event was held to foster **good working relationship and collaboration** between **SBDC Commercial** and its counterparts such as **PRefChem, PLNG2, PT2SB, LGPC, and CEFS..**

What's Next?

## Tazkirah

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

"Tiap-tiap yang bernyawa akan merasakan maut, dan bahawasanya pada hari kiamat sahajalah akan disempurnakan balasan kamu. Ketika itu sesiapa yang dijauhkan dari neraka dan dimasukkan ke syurga maka sesungguhnya ia telah berjaya. Dan (ingatlah bahawa) kehidupan di dunia ini (meliputi segalanya) tidak lain hanyalah kesenangan bagi orang-orang yang terpedaya."  
(Ali-Imran : 185)

## Quote of the Week

"The Ups and Downs bring us together to achieve what we are now. We are in control of our future and if we are in this journey together, success is surely ours." "He who endure the worst can withstand anything"

**M Luqman Ismail**  
(Functional Audit, Internal Audit)

## What's Good in Pengerang?

### Hiking at Bukit Belungkor

Bukit Belungkor, which lies at a majestic 283 metres above sea level, is popular among hikers in Johor. At the summit, you can catch the breath-taking scenery overlooking the Selat Tebrau where you can spot Singapore's Pulau Tekong and watch planes descend into Changi Airport. The difficulty level of this hiking trail is rated as moderate, thus suitable for beginners who has never gone for hiking. To get there, drive to Kampung Belungkor and park near the town's mosque. The trailhead is located near the car park.

# Happy National Day!
