# Pumping business, powering connections THE PUMP PAVILION

## The Pump Pavilion at Aquatech 2027: Pumping business, powering connections

The Pump Pavilion at Aquatech is the ultimate stage for showcasing your solutions to a global audience of utilities, industrial users, OEMs, and engineering firms. From energy-efficient systems to smart, sensor-driven innovations, this dedicated area highlights how pumps are driving performance, sustainability, and profitability across the water sector.

Why exhibit in the Pump Pavilion?

- Stand out in a focused, high-traffic zone dedicated to pump technology
- Connect with qualified buyers actively seeking pumping solutions
- Leverage Aquatech's international platform to expand into new markets
- Generate leads, build partnerships, and boost your brand presence
- Attract decision makers, present showcases, and generate leads at the designated pavilion

# THE PUMP PAVILION

## BIG IMPACT, SMART BUDGET

Joining the shared Pump Pavilion is a smart way to get noticed—with limited budget. Instead of setting up your own stand, you'll be part of a professionally designed space that draws in visitors and puts your brand in the spotlight. You'll share things like seating areas and meeting spots, which keeps costs low and logistics simple. Plus, you benefit from group promotion—think shared signage, pavilion-wide marketing, and more buzz around your presence. This setup helps you reach more people, look more professional, and get more value for your money.

Visuals of the pavilion and stage are meant as an example

## THE PACKAGE

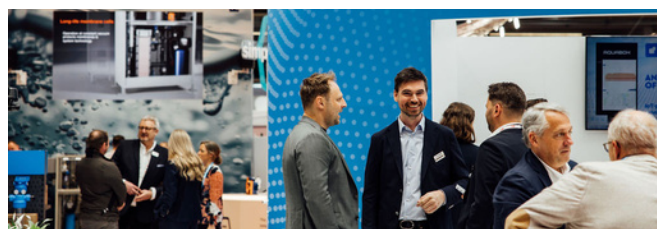

Step into the Pump Pavilion and discover a collaborative environment designed to showcase your solutions.

You get a dedicated space equipped with a presentation area and two comfortable stools. Power and daily cleaning services are provided, ensuring a smooth and professional experience throughout the event.

All participating companies benefit from access to shared seating areas and a central pantry—ideal for networking and relaxing.

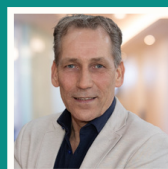

Costs are €2,500.= with an additional registration fee of €545 per participant and excluding VAT..

Please note: prices are indicative and subject to change
