Subcategories with hollow bullets

Boats

– Inflatables and RIBs (only up to the size allowed by Metstrade entrance rules)

- Inflatables under 3.2m length
- RIBs under 3.2m length

Deck Equipment

– If I am sailing, mooring, anchoring, and using my yacht's outdoor spaces, what hardware and equipment will I use?

- Air compressor systems
- Air inflation equipment
- Anchor chain and rope
- Anchor chain counters and markers
- Anchor connectors and swivels
- Anchor stowage fittings
- Anchors
- Bathing platform systems – fixed and moving
- Battens and sail fittings
- Biminis, awnings and shades
- Blocks
- Boarding ladders
- Boat and equipment covers and bags
- Boat hooks and manual mooring aids
- Bosun's chairs and mast harnesses
- Canopies, sprayhoods and dodgers
- Chafe protection equipment and materials
- Clutches and locks
- Davits, hoists, cranes and accessories
- Deck and chain washing systems
- Deck fairleads and organisers
- Deck glands
- Deck shower systems
- Deck vents and cowls
- Downriggers and outriggers

Categories and subcategories edition 1

- Equipment mounts and storage solutions
- Fenders and accessories
- Fighting chairs
- Fish filleting tables and equipment
- Fishing rod holders and accessories
- Flags, pennants and ensigns
- Furling systems
- Hatches and portholes
- Hydraulic systems for deck equipment
- Livewells and bait tanks
- Mooring cleats, bollards and fairleads
- Mooring warps and accessories
- Oars, paddles and rowlocks
- Passerelles and gangways
- Rails, stanchions and pulpits
- Reefing equipment
- Sail eyes and loops
- Sail tracks and travellers
- Sails
- Scuppers and deck drains
- Shackles, hooks and thimbles
- Sheets, halyards and control lines
- Ski tow bars, wakeboard towers and associated equipment
- Spars
- Standing rigging
- Steps for mast, coachroof and topsides
- Storm shutters
- Winches and accessories
- Windlasses and accessories
- Windscreen wiper systems and components

Electronic & Electrical Systems

– If I need electrical power anywhere in the yacht or to make networkable devices speak to each other, what systems and equipment would I use?

- Alternators
- Batteries
- Battery chargers and inverters
- Battery management systems
- Cathodic protection systems and components
- Charger points and cradles for mobile devices

Categories and subcategories edition 1

- Deck lighting
- Distributed power systems
- Electrical components
- Electrical control panels
- Fuel cells
- Gauges
- Generators
- Interior lights
- Lamps and bulbs
- Lighting control systems and switches
- Lightning protection systems
- Plugs and sockets
- Power management systems
- Shorepower systems and cables
- Solar panels and control systems
- Underwater lights
- Wind generators

Manufacturing & Support Products & Materials

– What are the cradle to the grave items of equipment, materials, media, software and other products that construct and support my yacht and its gear?

- 3D printers and materials
- Adhesives, sealants and caulking
- Boat and PWC trailers (up to 4m) and parts and accessories
- Boat care products and applicator equipment
- Boat dollies
- Boat hoisting and moving equipment
- Boat wrapping products
- Buoy, pile and lazy line mooring equipment
- Car parking barriers and equipment
- Car top boat carriers and roof racks
- Closed and injection mould equipment
- Composite cloths and reinforcements
- Construction and repair tools
- Corrosion inhibitors
- Cradles and boat stands
- Decking
- Design, manufacturing and compliance software
- Dry berth storage and handling systems
- Electric boat charging systems and stations

Categories and subcategories edition 1

- Environmental control equipment
- Fireproofing materials
- Flotation materials
- Fuelling systems (shoreside)
- Glazing and doors
- Hardware
- Identification and name plates
- Inflatable boat accessories and spares
- Insulation materials
- Keel and bow protectors
- Lamination manufacturing and repair equipment
- Lining systems and materials
- Management and billing systems
- Manufacturing machinery and equipment
- Marina and dock lighting
- Marina WiFi network systems
- Marine fabrics and related materials
- Media
- Mooring buoys, chains and anchors
- Navigation and sail racing buoys
- Paint and coating application equipment
- Paints and coatings
- Payment solutions
- Personal protective equipment and workwear
- Pontoon and dock power and water pedestals and accessories
- Pontoon and shoreside electrical infrastructure
- Pontoon and shoreside water infrastructure
- Pontoon mooring systems and components
- Prefabricated structural components
- Raw materials
- Resins, epoxies and supporting products
- Retail shop equipment, tools and supplies
- Sail cloth and canvas
- Sailmaking and upholstery manufacturing and repair equipment
- Seacocks and through-hull fittings
- Shipyard management software
- Shrinkwrap systems and products
- Surveillance and security systems (shoreside)
- Test equipment
- Tooling, plugs and moulds
- Vinyl lettering, striping tapes and graphics

Categories and subcategories edition 1

- Waste disposal equipment and materials (shoreside)
- Winter covers, tarpaulins and tie-downs
- Wood raw materials
- Workshop cranes and handling machinery
- Workshop ventilation equipment
- Yacht operation and management software

Navigation & Communication

– If I were on the helm of a boat or bridge of a superyacht, what electronics and other equipment would I use to control and safely navigate it?

- AIS systems
- Antennas and accessories
- Autopilot systems
- Barometers and barographs
- Chart plotters
- Clocks and chronometers
- Depth sounders
- Display screens
- ECDIS systems and equipment
- Electronic compasses
- Fish finders
- Glass bridges
- GPS receivers
- HF radios – mounted
- Instrument mounts and pods
- Integrated navigation system
- Intercom systems
- IT systems and equipment
- Magnetic compasses
- Marine PCs and displays
- Multi-function displays
- Nautical and tidal charts and almanacs
- Navigation lights
- Navigation software
- Navtex receivers
- Network systems and cabling
- Night vision cameras – mounted
- Optical cameras

Categories and subcategories edition 1

- Radar systems and accessories
- Radio receivers
- Rudder indicators
- Satellite communication systems
- Searchlights and spotlights
- Sound signals
- Speed logs
- Transducers
- VHF radios – mounted
- Weather receivers
- Weather stations
- Wind instruments

Onboard Facilities, Comfort & Entertainment

– If I don't want to go afloat in a bare hull, what kinds of equipment and components am I likely to need to ensure the comfort and enjoyment of all afloat?

- Air conditioning systems and components
- Aquariums
- Blinds and curtains
- Cabin ventilation systems
- Crockery and tableware
- Decorative items
- Dehumidifiers
- Dishwashers
- Dumbwaiters
- Elevators
- Floor coverings
- Fresh water filters and sterilisation systems
- Fresh water systems, pumps and components
- Fresh water tanks
- Furniture and cabinetry
- Galley accessories
- Gas installation components
- Grills and barbecues
- Gymnasiums and equipment
- Heating systems and accessories
- Helm chairs and suspension seats
- Hobs and ovens
- Holding tank systems

Categories and subcategories edition 1

- Ice boxes
- Ice makers
- Laundry equipment
- Music and audio-visual systems and accessories
- Refrigeration systems and equipment
- Sewage treatment plants
- Shower systems and equipment
- Sinks, basins and baths
- Swimming pools and spas
- Taps and waste outlets
- Toilets and bidets
- Towels, linens, bedding and mattresses
- Upholstery and cushions
- Waste disposal systems and bins
- Waste water treatment plants
- Water heaters
- Watermakers

Personal Equipment

– If I was going on a charter, had a yacht share arrangement, went boating with a friend, work on a boat or had my own boat, what would my personal kit be?

- Anti seasickness devices and medication
- Bags, holdalls and rucksacks
- Binoculars
- Buoyancy aids
- Casual sailing clothing and shore gear
- Drysuits and undersuits
- Flotation coats
- Footwear
- Gloves
- Handheld anemometers
- Handheld compasses
- Handheld night vision cameras
- Handheld VHF radios
- Harnesses and lanyards
- Hats and caps
- Impact vests
- Knives, splicers and portable hand tools
- Lifejackets

Categories and subcategories edition 1

- Nautical models, display items and gifts
- Personal locator beacons
- Sailing suits and wet weather gear
- Sailing watches
- Sextants
- Survival suits and jackets
- Uniforms
- Walkie Talkies
- Waterproof cases

Propulsion & Dynamics

– If I want to move, steer, stabilise, trim and fly my yacht, what machinery and systems will I use?

- Ballast systems
- Dynamic positioning and assisted mooring systems
- Engine and motor service and installation parts
- Engine components and ancillaries
- Engine exhaust systems and components
- Engine mounts
- Engine panels, monitors, instruments and alarms
- Engineroom ventilation systems
- Foils and foiling systems
- Fuel filtration and polishing systems
- Fuel tanks – integrated
- Fuel tanks – portable
- Gas turbine engines and systems
- Gearboxes, installation parts and accessories
- Hybrid propulsion systems
- Hydraulic drives and systems
- Hydraulic systems for propulsion and dynamics
- Hydrogen storage cylinders
- Inboard engines and motors
- Jet drives and systems
- Joystick control systems
- Keels
- Oil change systems
- Outboard mounts and jackplates
- Outboards
- Outdrives and outdrive legs

Categories and subcategories edition 1

- Pod drives
- Propeller shafts, couplings and seals
- Propellers and accessories
- Rope cutters
- Rudders, stocks and tubes
- Saildrives and saildrive struts
- Self-steering systems
- Stabiliser systems
- Steam engines, boilers and systems
- Steering systems
- Steering wheels, tillers and accessories
- Stern tubes and brackets
- Throttle and gear lever systems
- Thrusters and controls
- Trim tab systems
- Trolling motors

Safety & Security Aboard

– What equipment belongs to my yacht to keep it safe and capable of dealing with emergencies afloat?

- Bilge pump systems and bilge filters
- Emergency antennas
- Engine room ventilation shut-off systems
- EPIRBs
- Fire extinguishers
- Firefighting systems
- First aid kits and supplies
- Grab bags
- Jackstays
- Lifebuoys, lifelines and accessories
- Liferafts and accessories
- Line throwing devices
- Man overboard systems and alarms
- Monitoring systems and alarms
- Pyrotechnics
- Radar reflectors
- Safety tools
- Survival equipment and supplies
- Visual signalling equipment (non-pyrotechnic)

Categories and subcategories edition 1

Services

– Who do I engage with for assistance with my yacht's design, build and operation?

- Cleaning
- Coating and paint applicator services
- Communication subscriptions
- Crew services
- Design – yacht and interior
- Engineering
- Fuelling and bunkering
- Insurance
- Marine industry associations
- Project management
- Provisioning
- Registration
- System integrators
- Training
- Yacht and port agencies
