Now, 130 years later, RAI remains a premier networking organisation and platform for key industries. With over 600 events a year, our portfolio still spans the Logistics & Smart Mobility sector and our expertise has broadened to serve and connect the world's leading industries.

Today, our mission is the same: to bring together people, ideas and organisations to share knowledge, stimulate innovation and support economic growth. RAI Amsterdam has also committed itself to the sustainable development of people and communities, the economy, and the environment.
