NO, I will not be vaccinated.

I understand that, per New York State's Department of Health, I am required to wear a mask during active flu season.

Reason for declining vaccination:

- I have a medical contraindication to influenza vaccination, defined as:
 - Severe allergic reaction to eggs or other vaccine component(s)
 - History of Guillain-Barre Syndrome within 6 weeks after a previous influenza vaccination

Please fax your physician's statement documenting the contraindication to the influenza vaccination to Medical Staff Services at your affiliated hospital(s). Fax numbers listed below.

- Vaccination conflicts with my religious beliefs/I have other personal objections.
- I do not believe vaccination is important. I never get the flu.
- I am afraid of needles.
