

Fabric Home Care and Industrial & Institutional Cleaning

Sasol Chemicals

Fabric Home Care and Industrial & Institutional Cleaning

Whether it's in the home or for industrial and institutional purposes, Sasol offers an innovative range of highly efficient products that can be used to customize your formulations for superior cleaning results.

1 TOILET CLEANING

Sasol produces dried surfactants for toilet blocks as well as ethoxylates for gels and liquid cleaners.

2 LAUNDRY CARE

We have a large variety of product solutions, ranging from LAS, ether sulfates, alkyl sulfates and alcohol ethoxylates to raw materials for water free formulations that can help reduce carbon emissions.

3 SURFACE CARE

Sasol's ethoxylates offer excellent cleaning performance for all hard surface types including gloss retention and lime scale dispersion.

4 DISHWASHING PRODUCTS

Sasol has surfactants for both hand and auto dish formulations with excellent foaming properties for hand dishwashing and foam control for auto dish formulations.

5 AIR CARE

Our ethoxylates show enhanced solubilization of fragrance in formulations that can be used in sprays, plug-ins and acrylamide beads.

1 TECHNICAL & INDUSTRIAL

Sasol offers wetting agents, low foaming surfactants defoamers and dispersing agents that are excellent for cleaning formulations in various application fields, e.g. metal working & lubricants and building & construction.

2 SANITIZATION

Our alcohols are used in the production of hand sanitizers while the high CMC values of the short chain alcohol ethoxylates are ideal for promoting efficacy of biocidal quat cleaning formulations.

3 JANITORIAL CLEANING

Sasol's readily biodegradable, short chain alcohol ethoxylates provide desired properties for an enhanced cleaning performance and tackle hard-to-remove stains and soils.

4 AGRICULTURE, FOOD & BEVERAGE PROCESSING

Sasol solvents and surfactants are approved as inert ingredients that have excellent emulsifying properties for active ingredients in indirect food contact cleaning formulations.

5 TRANSPORTATION

Sasol's surfactant combinations are excellent for formulations requiring dispersion, foaming and rinse off properties. Sasol's wax portfolio provides added benefit of surface protection.

6 KITCHEN & CATERING

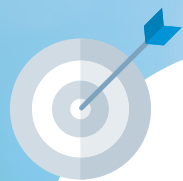

For hand dish washing our anionic surfactants offer properties that are excellent for cleaning formulations. Low foaming alkoxyates provide enhanced rinsing and cleaning performance for auto-dishwash.

7 LAUNDRY

Sasol offers fast acting, readily biodegradable surfactants that are excellent for I&I laundry.

Essential Care Chemicals – A division of Sasol Chemicals

We are a customer-focused global business dedicated to innovative sustainable solutions for people and the planet.

We use our in-depth knowledge of different markets, applications and products to create advanced high-performance solutions.

Sasol is a leading global producer of surfactants, surfactant intermediates, organic and inorganic specialties.

One of our core strengths is that we work with the broadest alcohol portfolio available, including Ziegler and natural fatty alcohols as well as a variety of branched alcohols, like OXO alcohols, Guerbet alcohols and isotridecanol.

We lead the market with innovative technologies and raw materials, including responsibly sourced sustainable alternatives such as natural products with RSPO-MB or ISCC+ certified circular and/or renewable feedstocks.
